# 1. INTRODUCTION

It is with a great pleasure that I present you the new Speed Technical Commission (STC) Rulebook, Edition 2021.

According to the World Skate Statutes, the Speed Technical Commission amends this Rulebook and it is applicable starting from January 1<sup>st</sup> 2021.

Jorge Ivan ROLDAN PEREZ  
Speed Technical Commission Chairman

The present Technical Regulations Rulebook is the Official version, written in the Official World Skate language: English. In this document, the masculine gender is used in relation to all the World Skate Individuals. Quantity is written by letter and (by number). Example: *two* (2).

## 2. TECHNICAL COMMISSION

### 2. Speed Technical Commission

#### 2.1 Definition

The Speed Technical Commission (STC) is a Technical Commission of the World Skate.

#### 1.2 Composition

The Technical Commission is composed respecting World Skate Statutes article 18 - point 7

*Article 18.7: In between General Assemblies, the management of each discipline is entrusted to an executive consisting of a Chairman, one Vice Chairman and at least three but not more than four other members. The executive is directly responsible to the Central Committee of the WORLD SKATE for its actions and management between assemblies. A quorum of the executive of a discipline is three.*

### 3. Tasks

- 3.1 to organise and promote inline speed skating activities throughout the world and prepare and administer the relative regulations;
- 3.2 to establish and maintain close relationships with all the National Federations and recognised Continental Areas affiliated with World Skate;
- 3.3 to make sure that all the affiliated National Federations and recognised Continental Areas comply with World Skate Statutes;
- 3.4 to amend the Rulebook whenever necessary;
- 3.5 to make sure that all international competitions with countries of different Continents have the approval when World Skate regulations demand it
- 3.6 to make sure that the behaviour of skaters, accompanying people comply with the rules established by WORLD SKATE;

3.7 to make sure that the doping control takes place according to World Skate Anti-Doping Rules.

#### **4. Duties of Technical Commission members**

4.1 The Chairman seats and presides over the Technical Commission meetings and is responsible for any administrative matter regarding the Committee. He has the casting vote and represents the Technical Commission in every official circumstance.

4.2 The Chairman shall take care of and co-ordinate matters concerning International Judges.

4.3 The Vice Chairman assists him and when necessary takes his place, if invited to do so. He is responsible for the measures to be taken according to the WADA and World Skate Medical Regulations.

4.4 The other four (4) members carry out individual functions assigned to them during World Skate meeting, and are the followings:

- a) to assist the Chairman in the evolution and modification of the Rulebook;
- b) to assist the Chairman in any administrative matter according to the needs (public relations for the World Championships and liaison with the media);
- c) to assist the Chairman in any task during the World Championship.

#### **5. The secretary of the Commission**

The Chairman appoints a secretary who shall be confirmed by World Skate. He has no voting right. His tasks include all secretarial work and the drawing up of the minutes of the meetings.

#### **6. The General assembly**

Deleted in 2016

#### **7. Dismissals**

The Technical Commission members who are absent for three (3) consecutive times at the official meetings, without any valid justification, or hindering the Committee with their negligent or inadequate behaviour, will be invited to resign before the end of their office.

#### **8. Revenue and expenditures**

Deleted in 2016

#### **9. STC Disciplinary Commission**

9.1 For all world competitions supervised by the Technical Commission, the Disciplinary Commission shall be constituted by the Technical Commission members. There must be at least three (3) present people

9.2 For all world competitions supervised by the Technical Commission, the Disciplinary Commission shall be constituted by the Technical Commission members. There must be at least three (3) present people

9.3 When only one (1) or two (2) members are present to constitute the Disciplinary Commission, a second or third person, selected by the Technical Commission Chairman

among the Official Delegates of the participating countries, is (are) added to the Commission

9.4 In international competitions where there are no Technical Commission Members, the Local Organizing Committee constitutes a Disciplinary Commission composed of three (3) representatives from the Delegates of participating countries.

9.5 The decision of appeal taken by the Disciplinary Commission is final.

## 10. Other business

10.1 All National Federations, Continental Areas shall forward within three (3) months after the beginning of the new season in every country, a list of all the clubs involved in inline speed skating. Furthermore, they shall send to the Technical Commission the official results of their Junior and Senior national championships.

10.2 The organisers of important world competitions such as Championships, Cups, etc. shall send to the Technical Commission the program and maps relative to such competitions within sixty (60) days before they start. The Technical Commission will issue, when approved, a specific authorisation.

10.3 All National Federations, Continental Areas that issued magazines and newsletter on inline speed skating shall send a copy of every issue to the Technical Commission.

10.4 All Technical Commission minutes, letters and copies of administrative documents or any other document shall be kept by the Chairman. Such documents shall be given to his successor.

10.5 Matters, which are not included in this Rulebook, will be settled by the Technical Commission.

## 3. INTERNATIONAL OFFICIALS

### 11. Officials

The international officials are:

11.1 World Skate President, World Skate Vice President, Chairmen of the International Technical Commissions and World Skate Secretary General;

11.2 Technical Commission members.

### 12. The Delegate

12.1 Nation's or Team's delegates who have been officially appointed by the participating countries is responsible of its delegation and must behave according to the principles of sport honesty and fair play.

12.2 For World Championship, two (2) Official Delegates per nation are accredited by WORLD SKATE.

### 13. Coaches

13.1 The nation's or team's coaches are not officials. They are not allowed to represent their team or their country in any official approach.

13.2 A specific area called "Coaches area" located near the race course is reserved for them.

#### **14. Officials of the Competition**

The officials of the competition are:

14.1 The Jury composed of judges and the Chief Judge;

14.2 The Official Speaker, he is allowed inside the race course;

14.3 The Doping Control Officer (DCO) and Chaperone as defined in the WORLD SKATE ANTI-Doping Rules.

#### **15. Judges - Composition of the Jury and tasks**

The Technical Commission Chairman must appoint, organise and register all International Inline Speed Skating Judges in the world and verify their activity. The Technical Commission Chairman will use the co-operation of suitable and necessary people in order to carry out such work.

#### **16. Technical Commission Rights**

16.1 To guarantee the uniform interpretation and application of the Rulebook and any other directions issued by Technical Commission for the World Championships and all other intercontinental competitions.

16.2 To point out to the National Federations, any particular lack of proper performance of judging duties during a championship or intercontinental event, recommending or not their appointment to intercontinental competitions.

16.3 To draw up every year a report about its own activity, the activity carried out by its collaborators and by the International Judges employed throughout the year, to take care of financial business, to draw up a regular financial statement; to appoint from time to time the two (2) collaborators who shall examine future International Judges.

16.4 The Technical Commission will appoint the Chief Judge for all intercontinental events.

#### **17. Availability of International Judges**

17.1 Each year by January 31st, every National Federation must send to the Technical Commission a list of its working International Judges. Such Judges shall renew their card every year and pay the fee established by World Skate.

17.2 Only International Judges recognised by the Technical Commission and registered for the current year can be appointed as members of the Jury for the World or Intercontinental Championships, and for all the international events with participation of two (2) or more countries of different continents. In the absence of a sufficient number of recognised International Judges, National Judges may be used to assist the Jury.

- 17.3 It is mandatory to follow World Skate Academy Judge's Seminar to maintain the International category (renewal every two years).
- 17.4 National Federations must communicate to the Technical Commission the names of their international Judges who have been suspended, expelled or for any reasons have interrupted their activity.

## **18. Chief Judge**

International Chief Judges are those who have been for at least five (5) years international judges, who speak fluently the Official World Skate language and who, in the opinion of the Technical Commission, have already demonstrated in previous World or Continental Championships to be able to carry out perfectly all the tasks included in a Jury. They are, therefore, qualified to direct an International competition.

## **19. Examination and Appointment of International Judges**

- 19.1 The examination of the Jury is organised by World Skate with the support of the Technical Commission.
- 19.2 Each candidate must have officiated at least for two (2) years at the maximum category in his own country. Such candidates must be fluent in the official language of World Skate: English.
- 19.3 Proposed candidates will be examined by a Technical Commission member and an experienced International Judge, as follows:
- Oral test of ten (10) minutes about the knowledge of the inline speed skating sport. The capacity to understand and speak the official language (English) is evaluated.
  - Two (2) hours written test of about the knowledge of the Inline Speed Technical Regulations.
  - Candidates who succeed the World Skate two (2) tests will be observed and evaluated in their capacity as judge in the different tasks of the Jury.
  - Candidates who pass such exams will be registered International Judges and can be convened for international competitions.
- 19.4 The fee for the inscription at the International Judge examination is 100 US\$.

## **20. Withdrawal of International qualification**

If an International Judge does not officiate at national or international levels for three (3) consecutive years, his commission will be revoked. If an International Judge is not up-to-date with the payment of international fees, after three (3) years his commission will be revoked. In both cases, he must retake the exam.

## **21. Registration fee for International Judge**

The National Federations have to pay a fee of the registration of their International Judges.

First entry fee for international judges (badge included) 100 US \$

Affiliation fee (annual renewal) 50 US \$

The fees related to the current year must be paid without additional bank expenses (free of charge) to World Skate at the following bank account no later than January 21<sup>st</sup>

*Beneficiary: World Skate*

*Bank: UBS Lausanne*

*Account n.: 0243-186105.61M*

*IBAN: CH580024324318610561M*

*BIC: UBSWCHZH80A*

Reason of Payment: "Speed Skating Judge - (name of the referee)"

## **22. List of International Judges**

Every year the Technical Commission communicates to National Federations, Continental Areas an updated list of International Judges available according to art 17 of this Rulebook.

## **23. Honorary judges**

International Judges who have achieved the age limit of seventy (70) years old and have successfully carried out their international activity for at least ten (10) years may be appointed by the Technical Commission as "Honorary Judges" receiving a proper digital Certificate, upon proposal of the Federations to which they belong.

## **24. Employment of International Judges**

24.1 For international competitions, with the participation of at least two (2) different continents, the organising country can arrange the composition of the Jury with other participating nations, but shall request the Technical Commission to indicate and appoint the Chief Judge.

24.2 If willing to bear all relative expenses, the organising country may apply to the Technical Commission for the appointment of a Chief Judge and other International Judges belonging to non-participating countries (but as near as possible to the site of the competition).

## **25. Restrictions**

- 25.1 All International Judges must retire at their seventy (70) birthday.
- 25.2 International Judges having relatives participating in the World or Continental Championships or who are trainers or managers of participating skaters must be excluded if possible from the Jury. If there are appointed judges in such situation, they will have to present their reasons to the Chief Judge who will consider their position in the assignment of tasks.

## **26. Duties of International Judges**

- 26.1 International Judges appointed to World Championships or Intercontinental competitions must respect and strictly enforce all regulations and other rules issued by the Technical Commission without any reference to their own country.
- 26.2 The Technical Commission can punish an International Judge for violating the present Rulebook. This can be done by means of warning, suspensions of one year or a final removal from the roster.
- 26.3 Disciplinary measures taken against International Judges by National Federations, Continental Areas are definitely recognised as valid and applicable also by the Technical Commission.

# **4. INTERNATIONAL SKATERS**

## **27. Nationality**

Skaters taking part in an international competition and competing for their National Federation must prove that they have the passport of the same country.

A skater who participated in a continental or world championship representing a country and changed his nationality or having double nationality or more passports cannot represent another country in continental or world championship if three (3) years have not elapsed from his last participation representing his previous country. Rule 42 of IOC Olympic Chart.

## **28. Categories gender**

In conformity with IOC guidelines, WORLD SKATE is entitled to conduct some tests on specific occasions. This would mean laboratory tests could be done if there is a suspicion that a skater is competing in the wrong category. (WORLD SKATE Medical Regulation Chapter B Paragraph 1 to 3)

## 29. Age

All limit of age established in these rules are to be considered at December 31<sup>st</sup> of the year of the competition. There are three (3) recognised categories; Junior, Senior and Master.

- 29.1 A Junior skater is aged 15, 16, 17, 18 at December 31<sup>st</sup> of the year of the competition.  
A Senior skater is aged 19 to 34 at December 31<sup>st</sup> of the year of the competition.
- 29.2 A Master skater is aged 35 or more at December 31<sup>st</sup> of the year of the competition.  
The ages of Master categories are:  
Under 40 (up to 39),  
Under 50 (40 to 49),  
Under 60 (50 to 59),  
60 and more
- 29.3 A junior skater having participated at Senior Continental Championship, Senior Continental Games or Senior World Championship shall not participate to any other Junior Championship.
- 29.4 A senior skater having participated at Master Continental or World Championship shall not participate to any other Senior Championship.
- 29.5 Minimum age to compete in a World Championship is fifteen (15) years at December 31<sup>st</sup> of the year of the championship.

## 5. INTERNATIONAL COMPETITIONS

### 5.1 International Events sanctioned by World Skate

World Skate may sanction and/or recognize events organized by different bodies or entities, providing those events with dignity of official World Skate recognized events. These events shall be included in World Skate Events Calendar. Sanctioned events are international events not organized directly by World Skate.

Here below the procedure to follow for the sanctioning by World Skate.

An official request must be sent to Sports Department by email ([sportsdepartment@worldskate.org](mailto:sportsdepartment@worldskate.org)) specifying mandatory information:

- Name of the event
- Discipline
- Location, city/country
- Days of the event
- Typology of the event (Continental event, World Event...)

- Number of Participants Esteemed
- Number International Judges/Referees
- Competition Format and Schedule
- Which will be the award provided for the competition (Medals, Trophies or Price money)

As Sports Department receives the info requested, they will be sent to the Technical Commission for the approval of the Chairman. In the case of the positive answer, Sports Department will send the Terms & Conditions.

### **30. Organiser**

Only the Technical Commission, Continental Areas, National Confederations, and National Federations, Associations and Clubs associated with these can organise official international competitions. No Federation or Club, which in some way is part of the WORLD SKATE structure, may participate in any privately organised international competition, or in any competition organised by groups not belonging to WORLD SKATE.

### **31. Championships**

World Championships, National and Continental Championships of the same sport discipline can be organised only once a year. The winners of each competition are the official holders of the title until the following competition of the same kind.

### **32. Approval**

National and Continental Championships, competitions and criteria organised within the recognised Continental Areas, in which only members of those organisations can participate, do not need the Technical Commission approval.

### **33. International fees**

The various fees to be paid must be established during the WORLD SKATE Assembly. (Paragraph 4 point 5 of Finance regulations of the WORLD SKATE)

Organising fee for intercontinental competitions of national teams 500 US \$

Organising fee for intercontinental competitions of club teams 200 US \$

### **34. Fees payment**

34.1 The official WORLD SKATE currency is the US Dollar (US \$).

34.2 Fees are directly paid to WORLD SKATE using bank transfer, it must be free of charge for the WORLD SKATE. If such charges subsist, they will be presented for payment at the Federation.

### **35. Authorisation for intercontinental competition**

The Federation, association or private bodies organising intercontinental competitions must have WORLD SKATE authorisation by sending program ninety (90) days before its beginning. World Skate will grant corresponding authorisation if all requirements (including the payment of the organising fee) have been fulfilled. World Skate logo must be in all advertisements and printings of the competition.

### **36. Official competition**

Races on road or track can be organised by all the different National Federations and Confederations, for all the recognised categories.

### **37. Official World Skate calendar**

All intercontinental competitions must be authorised by World Skate. Continental Areas and Federations affiliated to WORLD SKATE must send the planning of their competition of the next year at least by December 15, so that WORLD SKATE may draw up the official calendar.

### **38. Communication for competition**

The communication of any competition must include the following information:

- a. place, program and duration;
- b. whether the tracks are indoor or outdoor, condition of the track (WORLD SKATE standard, material and dimensions), facility capacity;
- c. deadline for entry;
- d. entry fee for participant;
- e. possibility of training on the racing course;
- f. number of Federations invited and number of judges for each country;
- g. expenses to be met by organisers for the travel and stay of skaters and judges of each Federation;
- h. specification of organiser's responsibility with regard to possible accidents;
- i. specification of first Aid facilities and availability of the doctor in case of serious accidents;
- j. list of awards.

### **39. Modification**

Should it be necessary to postpone a competition, the organiser shall promptly notify the new date to each participant. World Skate must also be informed. Entries that have been already submitted remain valid unless otherwise notified.

### **40. Participation**

Only skaters being member of affiliated Federations or Continental Areas can participate in International competitions approved by World Skate.

#### **41. Registration**

41.1 All skater registrations must contain: surname, name, date of birth, nationality and gender;

41.2 The participation form must be signed by the applying National Federation.

#### **42. Results & Reports**

National Federations and Continental Areas shall send to the Technical Commission a written report -including results- about National and Continental Championships organised by them.

#### **43. Anti-Doping rules**

Concerning the doping control, WADA and World Skate Anti-Doping Rules will be observed.

## **5.2 World Championship**

### **SECTION 1. ORGANIZATIONAL RULES**

#### **44. Definition**

There are two (2) World Inline Speed Skating Championships. One (1) on track and one (1) on Road.

#### **45. Participation**

45.1 World Championships are open to all the national teams of the Federations, which are members of World Skate, who have regularly paid their fees and have given confirmation of their participation according to the terms established by the Technical Commission.

45.2 The national Federation must confirm its participation thirty (30) days before the beginning of the World Championship and must complete the registration on the official World Skate platform ([www.worldskate.org](http://www.worldskate.org)) within the deadline.

45.3 All the skaters must be members of their National Federation and must be covered by a federal or personal insurance.

#### **46. Withdraw of a Federation**

46.1 Each country that decides to withdraw after submitting an entry must notify the Technical Commission and the Local Organising Committee of this decision not later than ten (10) days prior to the beginning of the Championships.

46.2 If, upon examination, the withdrawal is considered unjustified, the World Skate will fine the Federation in question for the inconvenience.

## **47. Candidature**

Candidature for the organisation of the World Championship must be presented to World Skate.

## **48. Organising Federation responsibilities**

Deleted in 2016 See World Skate Bid

## **49. Information to the participating countries**

Deleted in 2016 See World Skate Bid

## **50. Broadcast charges**

Deleted in 2015 See World Skate Bylaws

## **51. Anti-doping charges**

The organising Federation must provide and pay for the doping controls according to what set by the World Skate Antidoping Rules.

## **52. Nomination of the Jury & Chief Judge**

The constitution of the Jury and the designation of the Chief Judge is decided by the Technical Commission Chairman, in accordance with the indications provided by the Technical Commission Member responsible for the judges.

## **53. Jury**

The Technical Commission Chairman appoints by means of a written letter, sent at least ninety (90) days before the beginning of the Championship by the Sports Department, the nine (9) International Judges belonging to different countries. The Organising Committee will be responsible for travel, board and lodging expenses. Furthermore, he shall ask to the Organising Federation, according to the needs, other International or National Judges.

## 54. Preparatory meeting

A technical meeting is scheduled 24 hours before the beginning of the World Championship. The agenda includes:

- Welcome of the Technical Commission Chairman;
- Information from the Chairman of the Local Organizing Committee;
- Designation of the Chief Judge and the Jury;
- Technical information about the World Championships (modification of schedule, heats, etc.)

## 55. Podium

55.1 The winner of each Championship race is named Champion of that race distance and holds the title until the following Championship.

55.2 The organisers shall supply the jerseys for all the winning senior skaters only. For World Games and Youth Olympic Games the podium is done respecting the IWGA and IOC dress code rules.

55.3 The first, second and third place winners of each Championship race receive gold, silver and bronze medals, supplied by World Skate or organisers.

55.4 Skaters must wear their racing suit and their skates during the award presentations. Cap and sunglasses are forbidden.

55.5 If a skater is not present for the podium ceremony and this has to be postponed, the skater loses all the points for the general rankings (individual & nation) art 69.

55.6 The IOC rules must be respected during Youth Olympic Games.

55.7 The IWGA rules must be respected during World Games.

## 56. Official Results

All the World Championships results will be uploaded on the World Skate webpage, in the section relating to the championship in question.

## SECTION 2. COMPETITION RULES

## 57. Composition

World Inline Speed Skating Championships are divided as follows:

- Senior & Junior: men and women on track
- Senior & Junior: men and women on road

## 58. Frequency

The World Inline Speed Skating Championships are organised every year, in accordance with the Technical Commission and World Skate Regulations.

## 59. Programming

The World Inline Speed Skating Championships are organised in accordance with the Technical Commission Speed Rulebook and World Skate rules with the following program:

- Passports check, preparatory meeting & opening ceremony 1 day
- World Championship on track 3 days
- Free-day 1 day as minimum
- World Championship on road circuit 3 days
- Marathon 1 day

## 60. Official distances for World Championships

For the track:	For the road:
200 m Dual Time Trial	100 m Sprint tournament
500 m +D Sprint tournament	1 lap Sprint tournament
1.000 m Sprint tournament	10.000 m Points race
10.000 m Points + Elimination race	15.000 m Elimination race
10.000 m Elimination race	
3.000 m Relays race	Marathon

## 61. Program

- 61.1 The Official Program for World Inline Speed Skating Championships is in annex.
- 61.2 The Organiser of the World Championships has the possibility to propose a different program, but it is up to the Technical Commission to decide the final official version.
- 61.3 The race distances valid for the Word Championships are established in art 60. Should the need arise to reduce the number of races, as a result of exceptional

circumstances, the Technical Commission members are then to decide which races to cancel.

61.4 There will be no losers' finals at the World Inline Speed Skating Championships.

61.5 For television requests, the program and the initial schedule can be changed by the Technical Commission during the World Championships.

61.6 The Technical Commission has the power to modify the program for any sport or technical reasons.

## **62. Training program**

62.1 Organising Federation establishes the schedule of training times, under the control of the Technical Commission.

62.2 Track and Road circuit must be available for free trainings at least seven (7) days before the beginning of the World Championships.

## **63. Country Quotas & Registration**

63.1 For SENIOR World Inline Speed Skating Championship, each country may enter a total of eight (8) male skaters and a total of eight (8) female skaters on both championships; track and road circuit.

63.2 For JUNIOR World Inline Speed Skating Championship, each country may enter a total of eight (8) male skaters and a total of eight (8) female skaters on both championships; track and road circuit.

63.3 Each country can register a maximum of sixteen (16) female skaters and sixteen (16) male skaters to take part in the Marathon race. Each nation can allow its skaters to add a logo of their own sponsor on the race suit.

63.4 Two (2) skaters only from each country may take part in each race of the World Inline Speed Skating Championships.

63.5 Three (3) or four (4) skaters from each country may be registered in relay race.

63.6 Registration must be done on the World Skate platform: [www.worldskate.org](http://www.worldskate.org)

## **64. Entry form**

- 64.1 The pre-registration can be modified by the Federation's delegate. Only preregistered skaters can be changed, supplementary registration cannot be done. Modification must be done at the Technical Commission office the day before the concerned race. The time limit to give this modification is within twenty (20) minutes of the end of races of the day. The modification must be done using the Technical Commission official form (annex). If no modification is done, preregistration will be considered as official inscription.
- 64.2 If the Technical Commission accepts a late registration during the World Championship, the skater is not allowed to race before the following day of his registration.
- 64.3 When a registered skater is suspended (art 181), he cannot be replaced by a teammate.
- 64.4 An injured skater can be replaced by a teammate until the call of the Chief Judge for the call area. The Delegate must present a medical certification with this official form. The injured athlete will not be allowed to race until the end of the World Championship.

## **65. Federation & Athlete Participation Fees**

- Each Federation must pay one federation registration fee of 400 US \$ for the country competing at the World Championship.
- An athlete registration fee of 100 US \$ for each Senior skater and 50 US \$ for each Junior skater entered on track.
- An athlete registration fee of 100 US \$ for each Senior skater and 50 US \$ for each Junior skater entered on road.

## **66. World Inline Speed Skating Championship Fees**

Deleted in 2016 See World Skate Bid

## **67. Organising Federation charges**

Deleted in 2016 See World Skate Bid

## **68. Organising Federation Technical charges**

- 68.1 Timekeeping charges.

As stipulated in art 88.d the timekeeping must be supplied by an automatic timekeeping basing of the use of transponders and electronic photo-finish.

## 68.2 Times and ranking information.

The Organising Federation is in charge to provide the corresponding electronic equipment and be able to provide the following times and information displayed on a large screen board:

- a. 200m/300m (track) for each skater:
  - the intermediate time every one hundred (100) metres and the difference with the best time;
  - the final time, the intermediate ranking;
  - the composition of the final.
  
- b. 500m +D (track) & One lap (road circuit):
  - the ranking of each race;
  - the composition of the next round, provided by the Jury.
  
- c. 1.000m (track):
  - the time of each lap, the final time of each skater;
  - the composition of the next round provided by the Jury.
  
- d. Points race:
  - The result of each sprint (first and second skaters);
  - The intermediate ranking with the sum of points for at least the five (5) first skaters.

## 68.3 Warm up.

A skating area of warming-up must be provided to the skaters. This zone is situated near the village of the skaters and possibly contains a direct and reserved access to the venue of competition (track and road circuit).

68.4 For World Championships, an official video recording must be provided by the organiser.

## 69. International Ranking

69.1 For World Inline Speed Skating Championships, the rankings per country are calculated by adding the medals. The World Skate criteria is the number of gold medals, the second criteria the number of silver medals and third criteria the number of bronze medals. If nations have the same number of medals with one of these criteria, the following procedure is used to rank them.

69.2 For the countries without medals, the ranking is established adding the points obtained in each event, excluding Relays and Marathon. Skaters placed first in each race obtain a number of points equal to the number of skaters who took part in that race; skaters

placed second obtain one (1) point less; those placed third two (2) points less; and so on till the skater placed last who obtains only one (1) point.

69.3 For long distance races (10km & 15km), there is no loser final. According with the total of skaters participating in the race, the unqualified skaters keep the points obtained in qualification heat.

69.4 Disqualified skaters do not receive any point.

69.5 At the end of the World Championships, eight (8) international rankings per nation are established as follows:

Track				Road			
Junior		Senior		Junior		Senior	
Ladies	Men	Ladies	Men	Ladies	Men	Ladies	Men

## 70. Trophies & Prices

At the end of the World Inline Speed Skating Championships the Organisers award the first five (5) nations for the following four (4) rankings.

Track		Road	
Junior	Senior	Junior	Senior

## 5.3 World Games

### 71. World Games Qualification

Every four (4) years, within March of the year of running of the World Games, the Technical Commission will prepare the ranking of skaters who qualified with the corresponding National Federation according to the following points. Such ranking is based on the previous World Championships.

#### 71.1 Thirty-three (33) ladies and thirty-three (33) men are qualified:

- a. Two (2) ladies and two (2) men from the Organising Federation are directly qualified.

- b. No more than two (2) ladies and two (2) men for a same nation can be qualified.
- c. A total of sixteen (16) female skaters and sixteen (16) male skaters will qualify from the Short Distance races\*.
- d. A total of seventeen (17) female skaters and seventeen (17) male skaters will qualify from the Long Distance races\*\*
- e. The corresponding National Federations are obliged to participate at the World Games with qualified skaters or other skaters of the same level and the same speciality (Short or Long Distance) if qualified skaters are not available.

#### **71.2 Qualification per type of race:**

- a. For World Games qualification, there are two (2) types of races: Short Distance\* & Long Distance\*\*.
- b. Best women skaters from each type of race will be qualified.
- c. Best men skaters from each type of race will be qualified.

#### **71.3 Procedure:**

- a. The overall ranking per type of race is done on the basis of the sum of the three (3) best results of each skater.
- b. The winner of each race gets forty (40) points, the second thirty-nine (39), and so on.

#### **71.4 Skaters per type of race:**

- a. All qualified skaters in Short Distance\* races must take part in all the Short Distance races of the program at The World Games; Track and Road circuit.
- b. All qualified skaters in Long Distance\*\* races must take part in all the Long-Distance races of the program at The World Games; Track and Road circuit.
- c. All qualified skaters in Long Distance\*\* races can take part in the 1.000m Sprint tournament.

#### **71.5 Withdraw:**

In case of withdraw of a nation, it is the task of the Technical Commission to qualify the skaters ranked in the following positions, based on the previous World Inline Speed Skating Championships results.

#### **71.6 Juniors cannot participate at World Games.**

*\*100m, 200m Dual TT, 500m +D, One Lap, 1.000m.*

*\*\* Elimination race, Points race, Points + Elimination race.*

## 72. Officials distances for the World Games

The specific Technical Rules for World Championship are applied during World Games.

Track	Road Circuit
200 m Dual Time Trial	100 m Sprint tournament
500 m +D Sprint tournament	1 lap Sprint tournament
1.000 m Sprint tournament	10.000 m Points race
10.000 m Points + Elimination race	15.000 m Elimination race
10.000 m Elimination race	

## 5.4 World Cup (Wic Marathon)

The World Cup of Marathon is an official international event of the World Skate and the Technical Commission. This event has its own regulations and applies the Technical Commission Rulebook.

## World Records

### 73. Validation

The Technical Commission recognises and validates world records, set on current official World Championship distances as by program and during continental or World Championships or World Games.

### 74. Records

The following records are recognised:

- men track races
- women track races
- men road circuit races
- women road circuit races

### 75. Requirements

In order to have a record recognised, it is necessary to proceed accordingly to all the items of this Rulebook and to have electronic timekeeping.

## 76. Documentation

76.3 When a record is set, the Organising Federation of the World or Continental championship or World Games where the result has been obtained must notify the Technical Commission within sixty (60) days, the following information:

- a. date when the record has been set;
- b. Minutes bearing the signatures of the Chief Judge and the judges who attended the competition. The minutes must include the list of times achieved and must be undersigned by the Official Timekeeper of the competition. When the records are set on a track or on a closed circuit, this list shall specify the total times and the times achieved for each lap around the track. The minutes must indicate where the competition was held, the day and hour, the name of the skater who set the record.

76.2 With this signature, the competition Chief Judge certifies that all the items of the Technical Commission Regulations have been respected and that those who sign the minutes have really acknowledged the times registered by the Timekeepers with the corresponding tape or electronic recording.

76.3 Together with the minutes, it is necessary to enclose the following:

- a. plan of the competition course, prepared by the competent technical office of the locality, indicating the course length, starting point, finishing line and the exact number of laps determining the distance;
- b. a list of the skaters, in order of arrival, who took part in the competition during which the record was set;
- c. certificate of nationality of the skater who set the record;
- d. certification specifying that the doping control has been carried out.

## 77. Publication

The Technical Commission must inform all the World Skate member Federations about the changes made in the list of the records. This shall take place through publication in the World Skate website.

# 6. TECHNICAL RULES

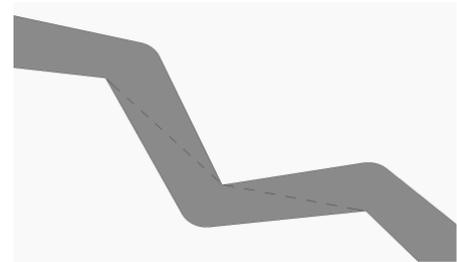

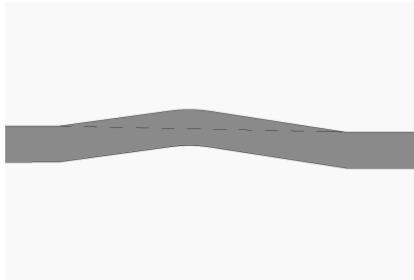

## 6.1 General Rules Of Competition

## 78. Race course

78.1 A race course may be either a track or road course. A road race course may be either an "open" or "closed" circuit.

78.2 Both on the track and on the road, the race course is measured on the inner edge.

78.3 On road courses with both left and right bends, measuring is to be taken along an imaginary line from the extreme ends of the bends themselves.

78.4 On open road circuit, the measurement of the distance is done:

- a. on the middle of the road when all the width of the road can be used;
- b. on the middle of the race course when only a part of width of the road can be used.

78.5 In all courses, bends are to be bordered either by a natural edge or moving signals that are highly visible. Such signals are never to be placed on the race course because they may represent a danger for skaters.

78.6 During races only judges and skaters are allowed to stay on the course. Only Delegates and medical team can enter on the race course when they have been authorized by the Chief Judge.

## 79. Safety zone

A safety zone must be respected at two (2) meters inside the inner edge of the race course without any obstacle which may present a danger for the skaters.

## 80. Suitability of the race course

Any decision regarding the suitability for practice of a race course is up to the Chief Judge before and after the start of the competition itself.

## 81. Direction of the race

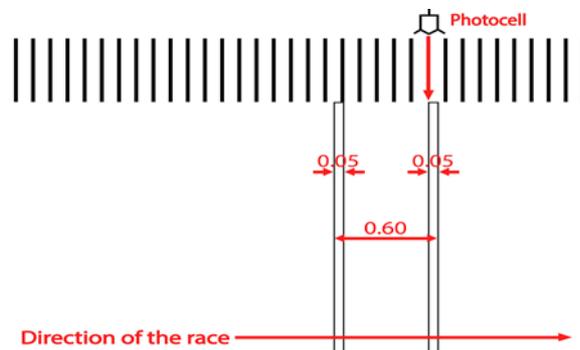

For track or road closed circuit competitions, skaters are placed so that their left hands are located facing the inside edge of the track or road. The direction of the race shall be counter clockwise.

## 82. Starting line

82.1 The starting line must be marked with a white line of five (5) centimetres wide must not be on a bend.

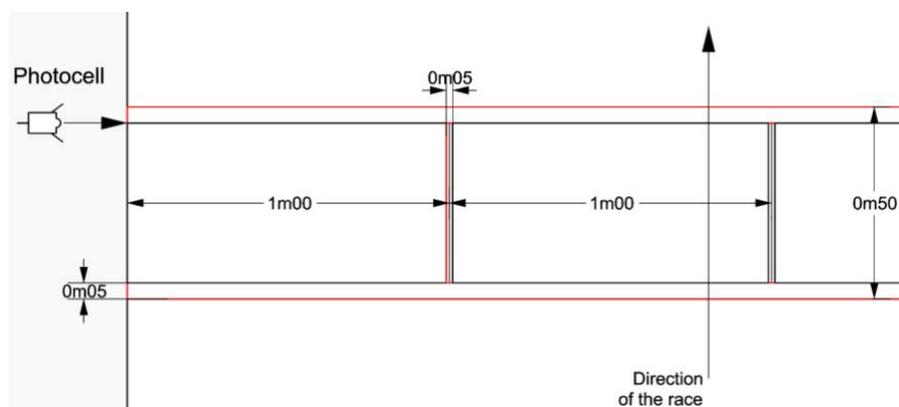

82.2 For 100 m, the starting line determines two (2) or three (3) equal starting places (2.60 m wide). A second line must be drawn sixty (60) centimetres from the starting line.

82.3 For 200 m, a second line must be drawn sixty (60) centimetres from the starting line. The photocells are positioned on the inner of the white start line (see draw).

82.4 For 1.000 m, a second line must be drawn sixty (60) centimetres from the starting line and a lateral line separating the 1m starting places (see draw).

82.5 For 500 m +D, 1.000 m and One lap races, the starting line determines equal starting places of one (1) meter (on track: one (1) m on six (6) m wide, but 0.80m on a five (5) m wide). See draw

82.6 For Lap race on road, the starting line can be changed of place if there is not enough straight line.

82.7 For 1.000 m sprint the second line cannot be in white.

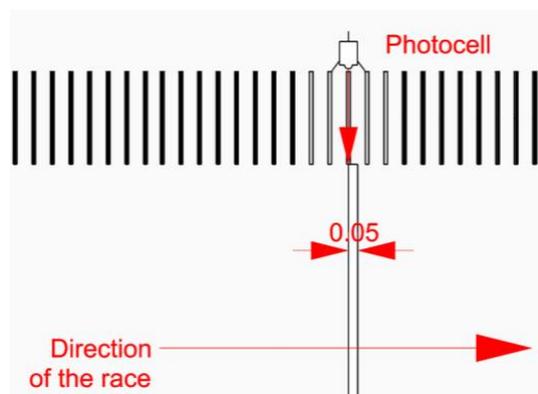

### 83. The finish line

83.1 The finish line must be marked with a white line of five (5) centimetres wide must not be on a bend. The judgement is established with the inner edge of this line. The electronic photo finish is placed on this inner edge of the finish line (see draw).

83.2 On road circuit, the finish line must be placed after minimum sixty (60) m of a straight way.

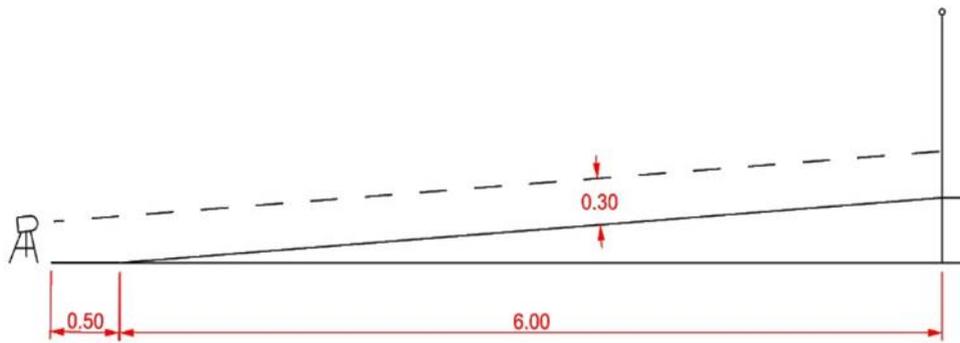

83.3 On track for World Championship, see art 108.

83.4 On open road circuit, see art 183.

### 84. Starting & Finish line equipment

84.1 The photocells must be in high from the race course the starting line: thirty (30) cm; the finish line: ten (10) cm.

- 84.2 In case of night race, the finishing line has to present a lighting allowing the smooth running of electronic photo finish (minimum 1 500 lux).
- 84.3 When transponders are used, the electronic photo finish must be present for the official ranking at least for the ten (10) first skaters.

## 85. Equipment

All the following equipment when they are placed inside the race course may not present any danger for the skaters. They must respect the safety zone (art 79).

- 85.1 Photocell, electronic photo finish equipment, or video scanner and photo-electric cells.
- 85.2 Lap scoring a scoreboard indicating the number of laps to be still covered.
- 85.3 A bell or any other device indicating specific laps. It is placed inside the inner edge near the lap scorer.

## 86. Timekeeping

- 86.1 Three (3) methods of timekeeping exist, two (2) automatics timekeeping and one (1) manual timekeeping.
- 86.2 Automatic timekeeping procedure has to be put in place for the World Championship, World Games and Olympic Games.
- 86.3 A manual timekeeping procedure has to be put in place for all the competitions. If the automatic timekeeping is preferred, manual timekeeping procedure can be used in case of fails of the automatic timekeeping system.

## 87. Manual timekeeping procedure

87.1 For manual timekeeping only digital electronic watches shall be used. All watches used must have the capacity to measure and display times with an accuracy level of at least one hundred of second.

87.2 In order to guarantee the exact determination of times, it is necessary to observe the following:

- a. The timekeeping Jury is composed by one (1) Timekeeper Chief and three (3) Timekeepers and one (1) substitute;
- b. Each Timekeeper should use only one watch;
- c. The Timekeepers are to be positioned at the finishing line and start their watches at the moment when smoke or flash from the shot fired by the Starter becomes visible;
- d. At the conclusion of the race, the Timekeeper Chief shall read the watches. Only if one or more Timekeepers have not taken the time (for any reason) the time taken by the substitute Timekeeper shall be recorded;
- e. Under the supervision of the Timekeeper Chief the time of each skater will then be determined and recorded in the Timekeeper protocol as follows:
- f. when two (2) watches show the same time and the third watch a different time, the time of the two (2) watches will be the result;
- g. when the three (3) stop-watches indicate three (3) different times, the average of the three (3) times is considered valid; if one time is plus or minus 0.5 sec. from the other two (2), it must be excluded, and the average of the other two (2) times will be considered valid;
- h. when only two stopwatches register the time, the worse time indicated will be considered valid.

87.3 In open road races, Organisers must also provide transportation for the Timekeepers, in order to carry them from the starting line to the finish line.

## 88. Automatic timekeeping

88.1 The term automatic timekeeping denotes a time-measuring system that is started automatically by firing of a starting-gun or crossing an optical line and records automatically the reaching of the finishing line by each skater.

88.2 Different technologies or technical solutions may be used to establish automatic timekeeping:

- a. Electronic system based on optical sensors to record the start of the skater, only for the time trial race (300m), and his finish with two (2) complete sets of photo cells installed on the starting line and on the finish line (art 84).
- b. A transponder-based system using signals from transmitter worn by the skater to record the finish of the skater.
- c. An electronic photo finish system using photographic evidence of the finish of the skater in such a way that an undistorted image containing a time scale can be reproduced immediately after the finish.
- d. For the World Championship, the times from a photo-cells system and transponder system may be displayed "live" on the scoreboard. But if the times of the systems in use differ, the times and order of the finish of skaters or teams from the electronic photo finish system determine the final results.

## **89. Transponders**

The transponder must be placed on the skate or ankle.

For World Championship, two (2) transponders by skater are used and they are placed on each skate with a fixation supplied and validated by the Technical Commission.

## **90. Time announcement**

The time obtained by each skater in individual races must be immediately communicated after arriving at the finish.

## **91. Official time**

91.1 When photo cells or transponders are used, the timekeeping system must be activated by the firing of the gun (excepted for the individual time trial). The official time will be the time sold between the firing of the gun and the crossing of the finishing line by the skater.

91.2 The times are considered official when the Judge has signed the timekeeping protocol. The official times may not be questioned.

## **92. Video recording**

92.1 In competition under the Technical Commission control and whenever possible, it is recommended the use of an official video recording of all races, on which the accuracy of performances and violation of the rules are recorded.

92.2 The video recording is used by the Chief Judge and the Assistant Chief Judge to do the control they need if they have doubts to take or confirm a decision.

92.3 For World Championships a video judge can be used.

92.4 The video recording is used as supporting documentation by the Chief Judge and the Disciplinary Commission.

92.5 Only the official video is used. Personal video is not accepted.

### **93. Coaches' area**

An area reserved for the coaches must be located near the race course so that these can communicate with the skaters during the race. This area takes place in the corner before the finish straightaway, close from the beginning of the relay zone (art 130.3).

## **The Skater**

### **94. Racing suit**

94.1 The racing suit is the following:

- a. for international championships and competitions all skaters of the same country must wear the same uniform with long or short sleeves, with the national colours;
- b. the name of the nation or its official UNO abbreviation (annex) must be clearly mentioned on the racing suit.

94.2 In international competitions with the participation of National teams, advertisements are free. Nevertheless, those advertisements must never hinder the easy identification of the official colours of the national team.

94.3 Skaters are to wear corresponding racing suits. Those who are not properly equipped are not allowed to start the race.

94.4 Skaters must wear skates and their official racing suit during the medals presentation. Without any cap and sunglasses (art 55).

94.5 Health care face mask and gloves are allowed.

### **95. Identification of the Champions**

World Champions running in a distance, for which they are current champions, may wear the World Champion jersey.

## 96. Helmet

The helmet must be a hard gear with international certification.

- 96.1 On mass start the hard headgear must have a regular shape and may not have protrusions or ends.
- 96.2 On time trial race the hard headgear can present a profiled shape with profiled ends.
- 96.3 Each skater is solely responsible that his personal equipment meets the highest safety criteria in order to obtain the utmost safety of the skater.
- 96.4 The helmet must be well fastened on the head, all the time while being in the race course, in conformity with the safety instructions of the manufacturer.
- 96.5 A skater who removes his helmet shall be disqualified.

## 97. Skates

- 97.1 Skates having a maximum of five (5) wheels, fastened in line, or skates with two (2) pairs of wheels fastened parallel to each other are permitted. The skate must not exceed fifty (50) centimetres in length. Skates must be firmly attached to the shoes and axles are not to protrude from the wheels. Brakes are forbidden.
- 97.2 The maximum diameter of wheel must not exceed one hundred and ten (110) millimetres.
- 97.3 For the Marathon, the maximum diameter of wheel must not exceed one hundred and twenty-five (125) millimetres.
- 97.4 In all the events under the World Skate umbrella, all skaters up to 12 years old (under 13) may use wheels with a maximum diameter of 90 millimetres and the skaters up to 14 years old (under 15) may use wheels with a maximum diameter of one hundred (100) millimetres.

## 98. Race numbers

Skaters are identified by means of three (3) numbers. They are applied on both hips and on the top of the back. If a fourth number is supplied, it is placed on the helmet. Numbers are to be clearly visible.

Two (2) more numbers to be placed on both sides of the helmet are compulsory at the World Championship.

## 99. Others equipment

- 99.1 Heart rate monitor and corresponding watches are allowed.
- 99.2 Radios and earphones are forbidden.
- 99.3 It is not allowed to skate with plaster, synthetic plaster or any hard contention.
- 99.4 The judge is in power to ask to the skater to take off any item which in his judgment may present a danger for himself or the other skaters.
- 99.5 For Marathon and long-distance races, the skater is allowed to take the start with small plastic bottle of water or hydration adapted equipment.

## The Track

### 100. The definition of the Track

- 100.1 A Track is defined as a racecourse within an outdoor or indoor facility provided with two (2) straightaways of the same length and with two (2) symmetrical bends having the same radius.
- 100.2 For the characteristics of the flat track please refer to art. 100 bis.
- 100.3 The new tracks for the World Championships designed after the date of entry into force of this article (2018), must be realized according to the standard models defined in the art108 and certificate by the World Skate.
- 100.4 The existing tracks may be homologated, according to the opinion of the World Skate notwithstanding the Rules of this Rulebook.

### 100 s. Flat Track

- 100 Bis 1. The track is made by placing special skittle on a rectangular surface.
- 100 Bis 2. The size of the field and the position of the skittles is established according to the length of the competition path to be carried out, according to the following table:

Length of a lap of track m	Minimum dimensions of the field m		Positions of skittles m			
	Width	Length	A	B	C	D
200,00	30	60	34,08	32,26	13,80	12,08
175,00			29,82	28,22	12,075	10,57

150,00			25,56	24,19	10,35	9,06
125,00			21,3	20,16	8,62	7,55
100,00	25	50	17,07	16,15	6,9	6,04

100 Bis 3. The tolerance allowed on linear measurements is  $\pm 0.5\%$ .

100 Bis 4. The track must be closed by polycarbonate fencing, (possibly transparent), being one hundred and twenty (120) centimetres in height, having a feet safeguard panel of twenty (20) centimetres in height and three (3) cm in width, detached two (2) cm from the ground.

If the fence is not present, the track rectangle must be clearly marked with a white line five (5) cm wide. Outside the rectangle there must be a 1.50 m wide safety band.

100 Bis 5. The track surface may be made of any material, perfectly smooth and not slippery, so that it does not compromise safety of skaters.

101 Bis 6. Painting and advertising are not allowed on the surface of the race course. Only finish line (art 83), starting line (art 82) and the relay zone (art 130) can be printed on the race course

## 101. The Length of the track

101.1 The standard length of the track is two hundred (200) meters with a tolerance of  $\pm 5$ cm. The length of the track is measured on the inner edge.

101.2 The inner edge is drawn with a white line of five (5) cm. The length is measured in the inner edge of this white line.

## 102. The Width of the track

The minimum width of the race course of the track, in horizontal projection measured from the inside edge to the fence, it is six (6) meters, preferably seven (7) meters, with a tolerance of ( $\pm 2$  cm).

## 103. The Profile of the track

103.1 Each straightaway, halfway through its development, must have a flat longitudinal profile for at least 1/3 of its length with a tolerance of  $\pm 0.5\%$ . The inside edge of the track must be all at the same altitude.

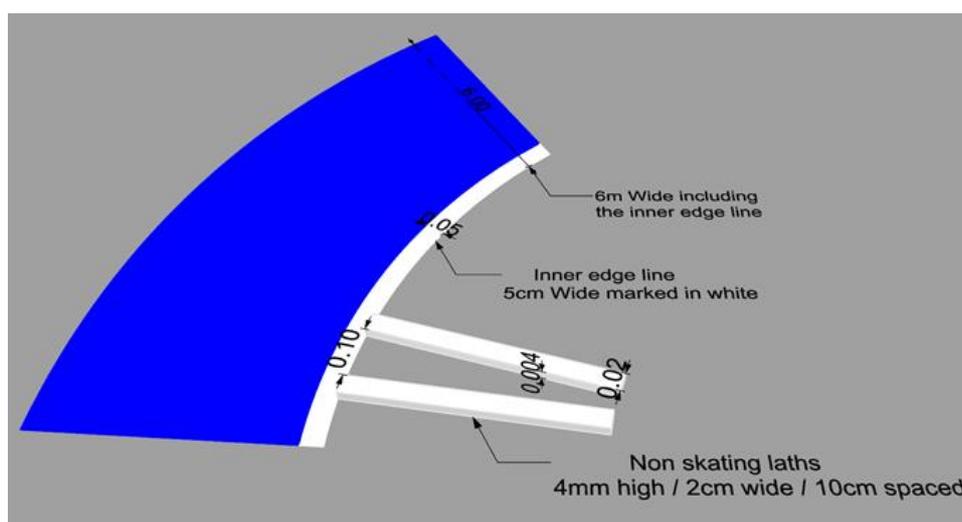

- 103.2 Each rectilinear, in the area with a flat longitudinal profile, can have a maximum transversal slope of 1% from the outer edge towards the inner edge.
- 103.3 In the curves and in the transition zones, the cross-section of the track must be inclined towards the inside
- 103.4 An increasing profile with parabolic law is preferable for newly developed tracks. The constant track profile (linear profile) is permitted on existing tracks.
- 103.5 With the exception of flat straight areas (with a linear profile), all the other sections of the track must be connected with continuous and gradual variation.

#### 104. The Surface of the track

The track surface of the track shall be made with a combined synthetic based finish. Synthetic Resin must be certified by World Skate.

#### 105. The no skating zone

In the inner part of the track, a no skating zone of fifty (50) cm, must be foreseen besides the width of the track (Total width six (6) m + fifty (50) cm), The fifty (50) cm no skating zone area must be provided with no slippery self-sticking stripes, spaced out transversally every ten (10) cm on the curves and every forty (40) cm vertically on the straights; being minimum two (2) to five (5) cm in width and four (4) mm in height.

#### 106. The Safety

- 106.1 The track must be closed by polycarbonate fencing, (possibly transparent), being one hundred and twenty (120) centimetres in height, having a feet safeguard panel of

twenty (20) centimetres in height and three (3) cm in width, detached two (2) cm from the ground.

106.2 Fencing must observe safety measures to skaters; thus, it must not have dangerous protuberances inside the track, and the gates must open outside. Fencing must be able to resist at the fall of a group of skaters.

106.3 A safety zone must be respected as indicated in art 79.

### **107. Painting and advertising on the track**

Painting and advertising are not allowed on the surface of the race course. Only finish line (art 83), starting line (art 82) and the relay zone (art 130.3) can be printed on the race course.

### **108. Track for World Championship**

108.1 Tracks for the World Championships must be built according to the geometric characteristics indicated in one of the following standard templates:

- 200 meters indoor/outdoor track; 6/7 meters wide with a linear side profile (Annex A)
- 200 meters indoor/outdoor track; 6/7 meters wide with a parabolic transversal profile (Annex B)

108.2 The finish line must be at 8 m before the beginning of the bend and must be marked with a white line, 5 cm wide.

108.3 On all linear measurements in plan and heights a tolerance of  $\pm 0.5\%$  is accepted.

108.4 For all the info concerning the characteristic of the Standard Track please visit the World Skate website: [www.worldskate.org](http://www.worldskate.org)

### **109. The certification of the track**

World Skate homologates the tracks for the World Championships and, upon request, approves the tracks projects for the subsequent homologation

## **The Road**

### **110. Road course**

110.1 The road course cannot be less than eight (8) meters wide in any point of the course. Straightaways must represent 60% of the race course.

110.2 The road surface must be uniformly and sufficiently smooth without hollows and fissures. From the inside of the course to the outside of the course there can be no more than 5% of the width of the course fall in camber.

- 110.3 Safety devices to be installed in the points which the Chief Judge may consider as dangerous.

### **111. Closed road circuit race course**

- 111.1 A closed circuit road is a road course consisting of an asymmetrical closed circuit on which skaters are to cover one or more times according to the distance of the race.
- 111.2 A closed circuit road must not be shorter than four hundred (400) meters and longer than six hundred (600) meters.
- 111.3 For the Marathon (42.195m) a closed circuit must be at least three (3) km.

### **112. Open road race course**

- 112.1 The race course is considered as open when the skaters do not have to complete several laps to cover the distance of the race.
- 112.2 In "open road race courses" gradients shall never exceed 5%. Exceptions to this rule shall never exceed 25% of the whole course.
- 112.3 On open road circuit, if the road course presents holes or excavations, they must be filled with an appropriate material so they do not present any danger to the skaters. If irregularity of the race course cannot be repaired, they must be signalled with white paint.
- 112.4 For race exceeding twenty (20) kilometres a refreshment stand must be provided. It shall be placed approximately at the middle of the course.

### **113. Equipment of the finish line**

- 113.1 The external edge must be bordered by adapted equipment in order to isolate the skaters from the public. This disposal must be applied:
- One hundred and fifty (150) m before the finish line and one hundred (100) m after the finish line with barriers;
  - Three hundred (300) m to one hundred and fifty (150) m before the finish line with strings or coloured bands.
- 113.2 If the public can be present in the inner part of the circuit this disposal must be present on the inner edge too.

- 113.3 For race exceeding twenty (20) kilometres a refreshment stand must be provided. It shall be placed approximately at the middle of the course.

#### **114. Finish line of open road circuit**

On open road circuit:

- 114.1 A canvas stripe reading "FINISH LINE" to be placed above the finishing line. If there are preceding finishing lines, it will be written on the ground;
- 114.2 A signal indicating the last five hundred (500) m of the race;
- 114.3 The disposal exposed art 113 must be applied on the external and internal edges of the road.
- 114.4 For Roller Marathon World Championship, there must be adequate notification, announcing the proximity of the finish line (1km, 500m).
- 114.5 The finish line must be placed in such way that the skater can stop in safe conditions.

#### **115. Skating course**

In mass start races on open circuit roads, skaters must always keep to their right and in no case, can they overcome the centre of the road. Furthermore, skaters must strictly observe instructions given by the organiser.

### **The Distances & Types of race**

#### **116. Official distances of the races**

Both for track and road races, official distances are the following: 100 - 200 - 300 - 500 - 1.000 - 3.000 - 5.000 - 10.000 - 15.000 - 20.000 meters.

Marathon (42,195 km) is only raced on road.

#### **117. Type of races**

There are four kinds of race; Time Trial, Sprint tournament, Pursuit and Mass Start.

Type	Individual Race	Team Race
Time trial race	200 m Dual 300 m	Team Time Trial
Sprint	100 m 500 m + Distance 1 Lap 1.000 m	
Pursuit	Individual	Team pursuit
Mass start race	Elimination Points Points-Elimination Endurance	Relays

## 118. Official distances of World Championships

See art. 60

## 119. Individual Time trial

Races against time may take place either on a track or on the road. In such races there is a certain number of skaters who cover a distance while their times are taken by means of a timekeeping (electronic or manual art 86 to art 88). Their finish time determines their ranking.

## 120. Team Time Trial

120.1 Races against time may take place either on a track or on the road. Teams of three (3) skaters who cover a distance while their times are taken by means of a timekeeping.

120.2 Only one team skates and starts together on the track or on the road at one time.

120.3 The time will be registered when the second skater crosses the finish line.

## 121. 200m Dual Time Trial

121.1 200m Dual Time trial is raced on track. Skaters are competing two by two (2). The start and finish lines are on the middle of the straightaway. The starting procedure is identical as for Sprint races.

121.2 During the first round only twelve (12) best times are qualified.

121.3 In final, the winner is the skater with the best time.

## 122. Sprint tournament

122.1 A sprint tournament is organised on short distance race with a certain number of rounds to accede to the final.

122.2 According to the number of skaters and the width of the race course, the Chief Judge has to organise the qualification system.

122.3 For all the rounds and final, the skaters are called and choose their position on the starting line according to art 134.

122.4 If skaters have the same time and they cannot be decided using hundredth or thousandth of second, then the alphabetic order of the given name or the ranking of nation at World Championship will be used.

122.5 The skaters who do not qualify to the following round or the final will be ranked according to art 149.

### 123. General rules for 100 m sprint tournament

123.1 It is a race on 100 m road straight. The final is raced by two (2), three (3) or four\* (4) skaters.

123.2 The qualification table is built according with the width of the race course with heats of two (2), three (3) or four (4) skaters.

123.3 During the first round, only best times are qualified.

123.4 The next rounds are built according to the best times of the winners

123.5 The others skaters are qualified according to the best times in the heats.

123.6 The heats are built respecting the following protocol:

3 lanes	¼ Final		1/2 Final	
Engaged	Heats	Qualified	Heats	Qualified
9 skaters				
10 to 12	4 x 2-3	9 best times	3 x 3	3 winners In final
13 to 15	5 x 2-3			
16 to 18	6 x 2-3			
19 to 21	7 x 2-3			
22 to 24	8 x 2-3			
25 to 27	9 x 2-3			

3 lanes	1/8 Final		¼ Final		1/2 Final	
Engaged	Heats	Qualified	Heats	Qualified	Heats	Qualified
28 to 30	10 x 2-3	15 best times	5 x 3	5 winners 4 times	3 x 3	3 winners In final
31 to 33	11 x 2-3	18 best times	6 x 3	6 winners 3 times		
34 to 36	12 x 2-3					
37 to 39	13 x 2-3	21 best times	7 x 3	7 winners 2 times		
40 to 42	14 x 2-3					
43 to 45	15 x 2-3					
45 to 48	16 x 2-3	24 best times	8 x 3	8 winners 1 time		
49 to 51	17 x 2-3					
52 to 54	18 x 2-3					
more	X heats					

*\*In case there are four lanes, the Chief Judge will announce the corresponding protocol.*

123.7 If there are only two (2) lanes, the 100 m sprint tournament can be organised on two (2) days.

123.8 The heats of the 1/8 final, will be made according to the times obtained in qualification: Heat 1 (8<sup>th</sup>/9<sup>th</sup>), Heat 2 (7<sup>th</sup> /10<sup>th</sup>), Heat 3 (6<sup>th</sup> / 11<sup>th</sup>) ... Heat 8 (1<sup>st</sup> / 16<sup>th</sup>).

123.9 The heats of the ¼ final, will be made according to the winner times obtained in 1/8 final: Heat 1 (4<sup>th</sup>/5<sup>th</sup>), Heat 2 (3<sup>rd</sup> /6<sup>th</sup>), Heat 3 (2<sup>nd</sup> / 7<sup>th</sup>) Heat 4 (1<sup>st</sup> / 8<sup>th</sup>).

First day				
1/16		1/8 Final		
Engaged	Heats	Qualified	Heats	Qualified
	X heats	16 best times	8 x 2	8 winners

Second Day			
¼ Final		1/2 Final	
Heats	Qualified	Heats	Qualified
4 x 2	4 winners	2 x 2	2 winners for 1 & 2 2 loser for 3 & 4

## 124. General rules for 500 m +D & One lap Sprint tournament

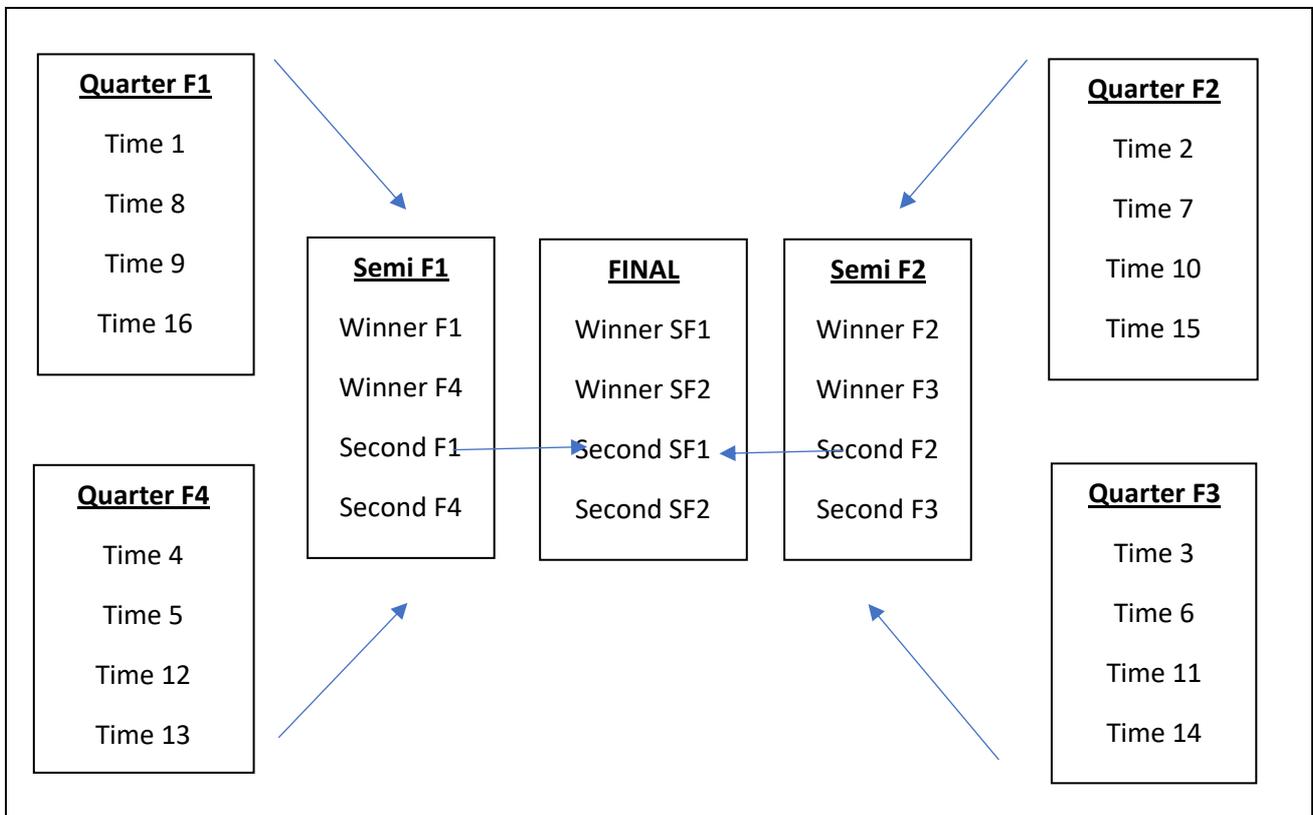

It is a sprint tournament. In each qualification heat, only the winner and the second accede to the following round; except in the first round where the sixteen (16) best times are qualified. The final is run by four (4) skaters.

On track, the distance of race is 2.5 laps (500m) plus the Distance resulting to the middle of the straightaway, thus the start line will be in the middle of the straightway.

On the road circuit, for One Lap race, the line position does not change.

### Organisation:

- First Round qualifies the best sixteen (16) times. No more than six (6) skaters per heat are allowed in the qualifying round.
- Quarter Final, Semi Final and Final are organized according to the following table.
- According to art 124.4, if skaters 16<sup>th</sup> and 17<sup>th</sup> cannot be decided then the quarters of final are raced with seventeen (17) skaters. The Quarter Final series 1 will be raced with five (5) skaters.
- In case of sport fault, an additional skater can be added to the heat (art 183.3).

<b>Starting line Ranking</b>	<b>Heat 1</b>	<b>Heat 2</b>	<b>Heat 3</b>	<b>Heat 4</b>
<i>Called in first</i>	Best time	2	3	4
<i>Called in second</i>	8	7	6	5
<i>Called in third</i>	9	10	11	12
<i>Called in fourth</i>	16	15	14	13
	17			

## 125. General rules for 1.000m sprint tournament

It is a speed tournament with a maximum of three (3) rounds. Only the winners of the heat accede directly to the next round. The others skaters are qualified according to the best times in the heats. The final is run, by the winner of each Semi Final and the best loser times, for a total of eight (8) skaters.

### 125.1 Round composition & Qualification table:

#### 125.2

	<b>Quarter Final</b>				<b>Semi Final</b>			<b>Final</b>
Engaged	Heats	Place	Time	Skaters Qualified	Heats	Place	Time	Skaters Qualified
8 skaters								
9 to 16					2 x 4-8	1	6	
17 to 24					3 x 5-8	1	5	
25 to 32	4 x 6-8	1	12	16	2 x 8	1	6	
33 to 40	5 x 6-8	1	11	16	2 x 8	1	6	

41 to 48	6 x 6-8	1	10	16	2 x 8	1	6	<b>8</b>
49 to 56	7 x 7-8	1	9	16	2 x 8	1	6	
57 to 64	8 x 7-8	1	8	16	2 x 8	1	6	
65 to 72	9 x 7-8	1	15	24	3 x 8	1	5	
73 to 80	10 x 7-8	1	14	24	3 x 8	1	5	
81 to 88	11 x 7-8	1	13	24	3 x 8	1	5	
89 to 96	12 x 7-8	1	12	24	3 x 8	1	5	
97 to 104	13 x 7-8	1	11	24	3 x 8	1	5	
105 - 112	14 x 7-8	1	10	24	3 x 8	1	5	

### 125.3 Heats of other rounds

Heats are constituted according to the results of the precedent round and the same serpentine system.

- ranking according to the best time of the winner (Winner Time) WT1, WT2,...
- ranking according to the time of the Qualified Time - QT1, QT2,

<i>Starting line</i>	Heat 1	Heat 2	Heat 3
<i>Called in first</i>	Winner Time1	WT2	WT3
<i>Called in second</i>	WT6	WT5	WT4
<i>Called in third</i>	WT7	WT8	Qualified Time 1
<i>Called in fourth</i>	QT4	QT3	QT2

### 126. Mass start race

Such races can be carried out both on the track or on the road. In these races, an unlimited number of skaters can participate at the same time. When the number of registered skaters is too high in relation to the size of the track or the road, qualification heats may take place, followed by a final event.

### 127. Elimination race

This race is carried out through direct elimination of one (1) or more skaters at one fixed point of the race course. The Chief Judge communicates the elimination rules before starting of the race.

- 127.1 One lap before each sprint, at the passing of the finish line by the lead skater, the bell will sound.
- 127.2 The eliminated skater is determined by the last point of the last skate to cross the finish line (art 148).
- 127.3 Whenever a skater leaves the race, be it because of a fall or fatigue, this retirement will count as the corresponding elimination.

- 127.4 If during an elimination sprint a skater violates any rule, the Chief Judge may eliminate him in replacement for the skater who crossed the finish line last.
- 127.5 In case of massive fall with the simultaneous retirement of a group of skaters, the elimination is suspended during some laps. The Official Speaker announces which lap the elimination will restart.
- 127.6 The eliminated skater is announced by the Official Speaker. The Speaker announces the number and the nation of the skater in the official language; English and then in the language of the Organiser country.
- 127.7 On the opposite line of the finish line, a judge can show the number of the eliminated skater on a board (manual or electronic).
- 127.8 If the skater does not leave the track after the third announcement, he will be disqualified of the race DSQ-SF.

## **128. Points race**

This race awards a score for each skater after the fixed point of the course. At the completion of the last lap a greater score will be awarded. The skater totalling the highest number of points wins the race.

- 128.1 One lap before the first sprint, as the lead skater is about to cross the finish line and before the last lap, the bell will sound.
- 128.2 If in the opinion of Chief Judge a skater commits a fault on any point sprint, the Chief Judge may change the order of the arrival and the assignment of points.
- 128.3 The Speaker will inform in an unofficial manner, the number of the skaters who obtain points in each sprint. The Official classification will only be announced after viewing the electronic photo finish or video scanner.
- 128.4 If a skater does not finish the race, that skater will lose the points earned for this race.
- 128.5 If there is a tie in points among two (2) or more skaters, it will be decided by who was the first of them at the finish line in the last lap.

## **129. Point-Elimination race**

This race is a combination of the elimination and points races. It consists in eliminating the last skater or the last skaters and in assigning points to the first two (2) skaters at certain laps. The winner of this race will be the one who, having run the whole course, has accumulated the greatest score.

129.1 Elimination see art 127 & art 148.

129.2 Points see art 128 & 148.

129.3 The bell will ring to indicate there is sprint for point next lap. The race starts by a sprint for the points and elimination next lap.

129.4 The skater who is eliminated will lose the points obtained up to that moment.

129.5 If final or qualification heats must be done but with an insufficient number of skaters to realize all the elimination, the number of eliminations is adapted by deleting the first eliminations. The number of attribution of points does not change.

## **130. Relay race**

### **130.1 The organisation of the team.**

- a. skaters of a team should wear identical racing suit. In case the racing suits of two (2) teams are sufficiently similar, the Chief Judge can order the modification of one of them by draw;
- b. teams must be composed of three (3) skaters;
- c. if a skater commits a disqualifying act, the whole team is disqualified;
- d. each team is free to decide after how many laps to relay;
- e. during the relay the skaters are not allowed to exit of the race course. At the end of the race, when the relay-runner has finished his race, then he is allowed to enter in the middle of the track or exit of the race course under the direction of the Jury.

### **130.2 The relay.**

- a. the relay will be completed by pushing with hand(s) from the arriving skater the hip of the starting skater;
- b. touch and pull relay is not permitted and it is sanctioned by the disqualification of the team;
- c. the last possible relay will be made prior to the start of the last lap;

- d. the Chief Judge will advise how the skaters who are relayed should return and the path they must use, done in such a way that it does not interfere with development of the race.

### **130.3 The relay zone.**

- a. the relay zone will be assigned on the straightaway that contains the finishing line and a waiting zone is also assigned for the relaying skaters; the relay zone may be extended further than the arrival line as far as the end of the straight line;
- b. on track, the relay zone starts in the middle of the corner and finishes at the end of the finish straight;
- c. the lines signalling the relay zone must be marked with a white line, two (2) centimetres,
- d. the relay must start and be completed inside the relay zone. If not, the team is disqualified DSQ-TF;
- e. in the case a relaying skater enters the relay zone but is not relayed by the team mate, the team is disqualified DSQ-TF. During the last lap and up to the moment in which the last skater crosses the finish line, only the finishing skater per team is allowed to enter in the relay zone.
- f. the skater is considered as entered in the relay zone when the last part of his second skate has totally passed the first line signalling the beginning of the relay zone;
- g. the skater is considered as taken out the relay zone when the first part of his first skate crosses the line signalling the end of the relay zone.

### **131. Endurance race**

Such races may take place both on the track and on the road. For these races, a time limit is fixed and skaters are ranked according to the order they achieved at the expiration of the time allowed, taking into account the course already covered.

### **132. Pursuit race**

This race is carried out both on track and closed road circuits in the form of preliminary heats by two (2) skaters or by two teams that start from two (2) points equidistant from each other and that covers a fixed distance. When a skater or team passes the opponent, the preliminary heat is over. Teams shall be composed of three (3) or four (4) skaters. As far as pursuit races by teams are concerned, the penultimate skater is the one who establishes the ranking or the elimination.

### 133. Stage race

- 133.1 Stage races can take place only on a regular road course. They are a combination of middle distance, long-distance, and against-time races, combined and arranged together according to specific regulations. The final ranking results from the total of the different times or points obtained by each skater after covering the fixed distances, which are called "stages".
- 133.2 For each stage some bonus, such as point or time allowance, can be granted to the skater or skaters according to their placements. This bonus must be included in the program.
- 133.3 If several skaters get the same time, the final ranking is to be made according to the best result attained for each stage.
- 133.4 The competition can take place on one (1) day or on several consecutive days according to the number and length of the stages. Some rest days may be included.

## The Race

### 134. Area of call

- 134.1 The skater must be present at the area of call when they are called by the official speaker of the competition or fifteen (15) minutes before the start of the race. If a skater does not answer the call area judge after being called twice, at one-minute interval from each other, he is marked as Do Not Start (DNS). This skater is not ranked.
- 134.2 The skater must present with his complete equipment and his race numbers correctly positioned.
- 134.3 The judge is in task to control the presence of the skater and to confirm him his place on the starting line. The judge checks the conformity of the race equipment, race numbers, transponders and size of wheels according to art 97.

### 135. Starting line order

The starting rank is determined by:

- 135.1 The draw of the country at the preparatory meeting or the draw of the Jury when there is no preparatory meeting;

### 135.2 The results of the rounds

In sprint tournament, the heats are composed according to the result of the precedent round. The winners of the precedent round are head of heat.

### 135.3 The results of the qualification heats:

After qualification heats, the winners of the qualification heats are in first position in the starting line ranking, the seconds in second, and so on.

## 136. Starting order

136.1 For Sprint tournament (100m, 500m+D, One Lap & 1.000m) the skaters are called one by one on the starting line by the starter judge respecting the starting line ranking (art 135). The skater chooses a place vacant on the starting line. His choice is definitive.

136.2 For long distance race, the skaters are called one by one on the starting line by the starter judge respecting the starting line order (art 135) and they are placed successively from the inner edge to the external edge. The number of row is determined by the judge starter according to the width of the race course and a place of 0.50m wide must be allowed between one skater and the other.

136.3 Call to the starting line. If there is not any area of call (art 134), the skater does not answer the Starter Judge after being called twice on the starting line, at one-minute interval from each other, he is marked as Do Not Start (DNS). This skater is not ranked.

## 137. Individual Time trial starting conditions

For time trial races, the start will be as follows:

137.1 The skater must have at least one (1) skate on the race course within the two (2) lines: sixty (60) cm. All the wheels must be in contact with the race course.

137.2 During the initiation of the start the skate cannot leave the race course and all the wheels must stay in contact with the race course. The skate can roll but it is not allowed to cut out the backward line. The oscillation of skater's body is allowed.

137.3 The Starter authorises the skater to go. The skater has fifteen (15) seconds to initiate the race and if he does not start, a false start will be declared and the skater receives one (1) warning;

137.4 On the Starter or Chief Judge's order the start may be repeated when the skater does not respect point 1 and 2 of this article. A false start will be declared and the skater is sanctioned by one (1) warning;

137.5 If the Starter Judge notices a dysfunction of the automatic timekeeping during the race of a skater, this skater will resume the start in last position. In every case, a minimum of ten (10) minutes of rest is observed.

137.6 For team time trial, the start will be with all the three (3) skaters and starter will say "attention" and fire the gun.

### **138. Speed tournament starting conditions (100m, 200m Dual TT, 500m +D, One Lap, 1.000m)**

138.1 When all the skaters have been called, the Starter Judge gives them the authorisation to take their place on the starting line by saying "IN POSITION". The skaters have up to five (5) seconds to take their spot at the start line:

- a. Standing up
- b. His first skate must be in the box, not touching any line: front, laterals nor back line
- c. The second skate can be in or out of the box

At the command "SET" the skater assume his position and must remain immobile. Then, under the decision of the starter, the gun is fired.

138.2 If a skater has any problem after the signal "SET", he has the right to signal this problem to the Starter Judge by lifting a hand. This possibility is allowed only one time for each skater. In this case, the starter stops the starting procedure and asks to all the skaters to leave the starting zone and then he resumes the starting procedure.

138.3 On the Starter Judge or Chief Judge's order the start may be repeated when:

- a. there is an involuntary obstruction between two (2) or more skaters.
- b. a fault occurs at the start (rounds, semi-finals and finals) that may influence the outcome of the race.
- c. the falling down of one (1) skater causes the falling down of one (1) or more skaters, within one hundred (100) m from the starting line.

## 139. Specific rules for 100 m sprint tournament

- 139.1 Three (3) lanes of two-point sixty (2.60) meters are drawn with white lines of five (5) cm. The race's condition must be identical in every lane, if it does not happen only two (2) lanes could be drawn.

- 139.2 Skater must skate in his lane. Skater who touches a white line is judged as get out his lane (technical fault) and he is disqualified DSQ-TF.

## 140. Mass start starting conditions

- 140.1 The starting signal is given when the skaters are standing behind the starting line at fifty (50) centimetres from each other.
- 140.2 The rows of skaters are to be approximately fifty (50) centimetres from each other. Skaters are to stand behind the starting line. The Starter Judge gives the start through two (2) signals. He says "ATTENTION" and then he fires a shot.
- 140.3 On the Starter or Chief Judge's order the start may be repeated when the falling down of one (1) skater causes the falling down of two (2) or more others, within one hundred (100) m from the starting line.

## 141. Neutralisation of the race

When a small part of the race course is unsuitable consequently of minor external problem, fall of a skater or small group of skaters, minor injury of a skater or a slight weather condition hinder the normal performance of a race, the Chief Judge can neutralise the race. The neutralisation is signalled to the skaters by:

- 141.1 All the race judges go inside the race course at one (1) meter from the inner edge and shake a blue flag (50cm x 40cm). At this time, the skaters must lay

down their speed and keep their position in the pack. It is allowed to the distanced skaters to join the pack and they must stay at the end of the pack.

- 141.2 The lap score is neutralised. In case of Elimination or Points race, elimination and assignation of points are neutralised, the official speaker announces "No Elimination" or "No points".
- 141.3 The judges have to come on the race course and take position to protect and signal the unsuitable area or the injured skater(s).
- 141.4 The race restarts when the Chief Judge asks to the Jury to return inside the race course.
- 141.5 In case of neutralisation of the race due to a fall of skater(s), the fallen skater(s) cannot continue the race when it restarts.
- 141.6 No neutralisation is allowed in the last 1.000 m. Neutralisation is not possible during sprint tournament.
- 141.7 Neutralisation cannot be longer than four (4) minutes.
- 141.8 Only two (2) neutralisations by race are allowed. If a third incident happens, the race must be stopped (art 142).

## **142. Stop of the race**

The Chief Judge can stop the race in the following case:

- 142.1 When the ground or weather conditions hinder the normal performance of a race or the continuation of the same, the Chief Judge can stop the race and the competition for a given period of time;
- 142.2 The fall of a significant group of skaters;
- 142.3 A serious injury of one of the skaters which needs the intervention of First aid or the evacuation of one (1) skater at least.

## **143. Resume the race**

- 143.1 When there is a stop of race for reason exposed art 142, it is responsibility of the Chief Judge to decide about the Official Program by informing the skaters and the organiser of the competition.

143.2 If any race with ranking / qualification by time is stopped, all the skaters registered or qualified in that round or final shall participate again.

143.3 If a long distance race is stopped in the first half (1<sup>st</sup>/2) of the race, and if the resume can be planned before fifteen (15) minutes after the stop, the race resumes with the same situation as the moment of the stop:

- a. only the skaters who were competing at the moment of the stop shall participate again;
- b. with the number of laps remaining to run;
- c. without any modification of assignation of points (points race) or elimination;
- d. if a skater (or group of skaters) leads the race with an advance or breakaway this advantage is restored to him (them). The pack starts on the starting line;
- e. the number of points obtained in the first part of the race are conserved by the skaters.

#### **144. Restart of race**

144.1 If the race is stopped in the last half (2<sup>nd</sup>/2) or if the race is stopped (art 143.3) without the possibility to resume before fifteen (15) minutes, the race must be postponed and restarted totally with all the skaters who had taken the initial start.

144.2 Disqualified skater during the initial race cannot restart.

#### **145. Cancellation of race**

145.1 The cancellation of a race is under the responsibility of the Chief Judge with the agreement of the Organiser.

145.2 For the World Championship, the cancellation of a race is decided by the Technical Commission.

#### **146. The bell**

Under the responsibility of the Lap Scorer Judge (art 165) the bell announces:

146.1 The last lap in every race (except for the Individual Time Trial 300m);

146.2 The bell rings only for the first skater. When a skater(s) is escaped, the bell rings for this skater(s);

146.3 In the Elimination race, the bell announces the next elimination;

146.4 In the Points race, the bell announces the next assignation of points;

146.5 In Points and Elimination race, the bell announces the next assignation of points. No bell for eliminations.

## **147. Lap Scorer**

147.1 The Lap Scorer Judge shows the number of laps to be covered;

147.2 The lap scorer changes each time the first skater crosses the finish line;

147.3 The lap scorer stops when the race is neutralised.

## **148. Judgment on the finish line in the different types of race**

148.1 In Mass start races (Elimination, Points, Relay and so on), qualification heats, Team Time Trial and races against time, the ranking position of the skaters is determined according to the time at which the point of the first wheel of the first skate crosses at the finishing line.

148.2 At the finishing line, the leading skate must be in contact with the ground. If the first skate is not in contact with the ground, then the leading point of the first wheel of the second skate decides the placement.

148.3 If, in case of fall on the finish line, a skater crosses the finish line without any skate on the ground, the first part of the first wheel of the second skate decides the placement.

148.4 In the Elimination race, the elimination will be established on the last part of the last skate crossing the finishing line (in contact or not with the ground).

148.5 For the team pursuit race of three (3) skaters, the finish is judged on the second skater. (art 120)

148.6 In endurance races, the finish line is represented by the exact point where the skater is at the expiration of the fixed time.

## **149. Ranking**

149.1 According to the type of race, the ranking is established as follows:

- a. the best times in Time Trial race;
- b. placement on the finish line for the Elimination race;
- c. sum of points in Points race and Points - Elimination races;

- 149.2 In case of rounds or qualification heats, unqualified skaters are ranked according to:
- a. in 100 m Sprint tournament,
    - the round in which they are unqualified (Series, Quarters and Semi-finals),
    - their times obtained in this round.
  - b. in 500 m +D Speed tournament,
    - the round which they are unqualified (Series, Quarters and Semi-finals).
    - their place (first criteria) and their times (second criteria) obtained in this round.  
*(Example after the two (2) Semi-finals of 500m +D; the two third skaters are classified 5<sup>th</sup> and 6<sup>th</sup>. The best time is 5<sup>th</sup>.)*
  - c. in 1.000 m Speed tournament,
    - the round which they are unqualified (Quarters and Semi-finals),
    - their times obtained in this round.
  - d. In Sprint tournament only the skaters who race the final can access to the podium. In case of disqualifications during the final, the podium can be uncompleted and done with only two (2) or one (1) skater.
- 149.3 Ranking with the time of skater reduce in rank (RR), he takes the time of the skater who arrived at this place.  
Example: skater A arrives second (2<sup>nd</sup>) but RR at the third (3<sup>rd</sup>) place. He takes the time of the skater who arrived third (3<sup>rd</sup>).

## 150. Placement of lapped skaters by the pack

- 150.1 In Mass Start races on track or on closed road-circuit, the skaters who have been lapped by the pack or who are about to be lapped, and who may hinder the race, may be kept out. Skaters who have been lapped or kept out will be placed in the inverse order they left the race.
- 150.2 This rule is not applied if a skater or small group of skaters leads the race and lapped the pack.

## 151. Disqualified skater by Sport Fault

When a skater is disqualified for sport fault (DSQ-SF), he is not ranked and his place is taken by the following skater having raced the same round.

## **152. Withdrawn skater**

- 152.1 Skater, who decides to abandon the race for any reason or for falling down, is ranked according to his placement.
- 152.2 Skaters who withdraw from the race should go to the finishing line and inform a member of the Jury, so that they will be ranked according to their position.

## **153. Ex-aequo placement in mass start race**

- 153.1 In Mass Start races, when a group of skaters crosses the finish line all together, and thus it is not possible to determine their exact finishing order, all of these skaters involved will be awarded the same placement position and will be listed in alphabetical order.
- 153.2 In case of collective fall, all the skaters concerned by this fall are ranked ex-aequo and listed in alphabetic order.
- 153.3 The disqualified skaters for technical fault (DSQ-TF) -art 182- in the same round (100m, One lap, 500 m +D & 1.000 m) are ranked ex-aequo.

## **154. Tiebreak trial and races against time**

In order to determine the first-placed skaters in time trial races, when two (2) or more skaters obtain the same time, the trial shall be repeated to establish the placements.

## **155. Maximum time in road races**

Maximum time in road races is computed by increasing by 25% the time obtained by the first skater.

## **156. Results ratification**

- 156.1 Competition results become official only after their ratification by the Chief Judge and their publication in the Official Communication.
- 156.2 For World Championship, the results become official only after their ratification by a Technical Commission Member and their publication in the Official Communication.

## **6.3 The Jury**

### **157. The Jury**

- 157.1 Each competition is directed by a Chief Judge and Judges. The Chief Judge is responsible for judges for the proper conduct of the races. The Chief Judge vouches

directly for his own actions to the Technical Commission. On the occasion of the world competitions, the Technical Commission itself appoints the Chief Judge by selecting him among the regularly registered International Judges.

157.2 For international competitions, the following judges are required:

- a. one Chief Judge;
- b. one Secretary Judge;
- c. a different number of judges according to the importance of the competition and type of course;
- d. a different number of Timekeepers according to the electronic timekeeping system.

157.3 For the World Championship competitions, the minimum number of judges shall be:

- a. one (1) Chief Judge;
- b. one (1) or two (2) Assistant Chief Judge;
- c. one (1) Secretary Judge and one (1) Assistant Secretary;
- d. a team of judges;
- e. a different number of Timekeepers according to the electronic timekeeping system.

## **158. Judge Uniform**

In international competitions, the official World Skate uniform of Judges consists mandatory of same colour jersey, trousers, socks, shoes and cap. The use of health care face mask and gloves is permitted. Nothing else is allowed.

## **159. Tasks of the Chief Judge**

Besides the specific tasks provided in the various articles of this Rulebook, the Chief Judge is in charge of the technical and judgment of the competition. Therefore, he shall:

- 159.1 guarantee that all skaters enforce the regulations and decide about any technical problems that might arise during a competition, even when not covered in this Rulebook;
- 159.2 assign to each member of the Jury his particular task;
- 159.3 direct the work of the judges, co-ordinate, control and decide in case of discrepancy. He shall also prepare a report on the work of the Jury and submit it to the Technical Commission;

- 159.4 exert his disciplinary power towards skaters, coaches and Federation Delegates, when their behaviour on the course site requires the adoption of sanctions, provided in this Rulebook;
- 159.5 direct the repetition of any trial, when in his opinion any of them has been carried out in an irregular way
- 159.6 sign minutes of the competition, drawn up by the secretary, and forward them the Technical Commission together with the reports of other possible events that might occur during the competition;
- 159.7 check that the judges are in the right place and that Timekeepers are ready before ordering the starter to give the starting signal;
- 159.8 in case of immediate disqualification, check that it is announced and that the disqualified skater immediately leaves the race course;
- 159.9 immediately disqualify those skaters who do not comply with judges' warnings;
- 159.10 warn the skaters who have been reprimanded by the judges for sports faults;
- 159.11 remove or replace those judges who, in his opinion, do not completely carry out their duties.

## **160. The Secretary Judge**

The Secretary Judge and the Assistant Secretary Judge have the task to co-operate with the Chief Judge, particularly in regard to the settlement of the preliminary heats, in the preparation of individual rankings and rankings by nations, and in the drawing up of the competitions minutes that will later be submitted to the Chief Judge and signed by him.

## **161. The Call Area Judge**

The tasks of the Call Area Judge are the following:

- 161.1 Before the beginning of each race, he should gather the skaters and give them the last instructions. Checking their uniform, competition number, transponder, skates and size of wheels;
- 161.2 he gives to the skaters the composition of the starting line;

- 161.3 under the order of the Chief Judge, he permits to the skaters to accede to the race course;
- 161.4 before the beginning of each event, to check that every skater is supplied with his racing suite and competition number;
- 161.5 to announce to the skaters when they must be at the start of the race for which they have been entered, and to make sure that no one may have access to the track where the race takes place before the Chief Judge has given his authorisation.

## **162. The Starter Judge**

The tasks of the Starter Judge are the following:

- 162.1 he checks that all the skates of all skaters are behind the starting line;
- 162.2 after the Chief Judge's consent, he gives the starting signal as stipulated art 136 to art 140;
- 162.3 he signals the false starts and call back the skaters as stipulated art 169.

## **163. Course Judges**

163.1 The tasks of the Course Judges are the following:

- a. to supervise the progress of the event for the portion of which they are responsible;
- b. to immediately inform the Chief Judge about any irregularities which took place during the race and they give warning to the skater(s) who commits sports faults (art 172);
- c. to take note of lapped skaters, and of those skaters who withdrew and inform the Chief Judge.

163.2 According to their respective positions along the track, course judges are called in the following ways: Straight Judges, Corner Judges, Relay Judges, Auxiliary Judges.

## **164. Finish Judges**

- 164.1 The task of the Finish Judges is to exactly establish the order of arrival of skaters.
- 164.2 In mass start distance races, the number of judges shall be established according to the requirements. The Chief Judge shall assign specific tasks to each judge.

164.3 Finish Judges must be a minimum of three (3). According to the requirements, such a number can be increased but shall always be an odd number. In case of discrepancies, majority will make the decision.

164.4 In any case, when electronic photo finish or video scanner is used, the electronic photo finish or video scanner results are final.

## **165. Lap Scorer Judge**

165.1 The Lap Scorer Judge shall:

- a. take note of the number of laps covered;
- b. signal the laps still to be covered using the counting device at his disposal;
- c. signal the leading skater;
- d. cross a lap, when covered by the pack (art 146);
- e. provide that the last lap to be covered is signalled by means of a bell.

165.2 In case of long-lasting competitions, Organisers must agree with the judge the method of determination of times to be adopted.

## **166. Official Speaker**

166.1 The announcements are done in the Official Language of World Skate which is English. They can be done in the language of the Organising Country.

166.2 The Speaker shall inform the public of the names and numbers of the skaters taking part in each race, and all relevant information such as the composition of the heats and punctuation.

166.3 The result of each race should be announced at the earliest possible moment after receipt of the official result.

166.4 In conjunction with the general direction of the Organisation and the Technical Commission Chairman, the Speaker is responsible for all matters of announcing protocol.

## 6.4 The Judgement

### 167. Definition of the Faults

167.1 Three (3) kinds of faults are to be considered; technical faults (art 168), sport faults (art 172) and disciplinary faults (art 184).

167.2 In any case, the Chief Judge can estimate that a sport fault presents a very negative attitude and qualifies it as a disciplinary fault. (art 186)

### 168. Technical Faults

The infringements of rules from art 169 to art 171 are considered as technical faults.

### 169. False start

#### 169.1 General rules:

- a. The skater or a team (relay) who commits two (2) false starts in the same race (heats and final), is disqualified DSQ-TF.
- b. When one skater causes a false start, thereby causing the other skater to follow; only this skater shall be given one (1) warning for false start.
- c. In any race, in case of false start, the Starter Judge shall call back skaters to the starting line (with one (1) or two (2) gunshots or two blows of whistle). Skaters must resume their positions and the start is repeated.
- d. The Starter Judge signals the false start to the skater by showing a yellow card. He shows a red card to signal the disqualification after a second false start.
- e. Cards are shown in two (2) steps: the Judge shows it to the skater, then he lifts it to be seen by the spectators.

#### 169.2 300 m & 200 m Time Trial:

- a. A false start is signalled when the skater crosses the backward line.
- b. Only one (1) false start is permitted in qualification heat and one (1) false start in final.

#### 169.3 100 m, 200 m Dual TT, One lap, 500 m +D & 1.000 m:

- a. A false start is signalled when a skater moves or starts before the gun signal is given. The start is cancelled and the skater involved is sanctioned by one (1) false start technical fault TF.
- b. A false start is signalled when a skater has his first skate out of his box (on the lines) when the Starter Judge says the command "SET" art 137.2.

- c. For a skater, only one false start is allowed in a sprint tournament during all the rounds, except for Time Trial (art 169.2.b).

*Ex: If a skater commits a false start in ¼ final and a second one in ½ final, he is disqualified for technical fault DSQ-TF.*

#### **169.4 Mass Start races**

A false start is sanctioned by a warning (TF), it is signalled to the skater by showing a yellow card. Only one (1) false start by race is permitted (heats and final).

### **170. Exit of the skating course**

170.1 Skaters are not allowed to touch with one (1) roller skate the ground outside the line delineating the course. Skaters violating voluntarily this rule to cut distance or to gain positions will be disqualified (DSQ-TF). The judges take the decision when this fault is committed during a massive fall of skaters or to avoid a fall.

170.2 For the Time Trial race, the exit of the skating course is sanctioned with the disqualification of the skater (DSQ-TF).

170.3 For 100 m Sprint tournament, the lane between the two (2) white lines constitutes the race course. Touching the line is considered as exit of the race course and the skater who commits this fault is disqualified (DSQ-TF).

### **171. Wrong Relay**

171.1 Touching or pulling relay is not permitted and it is sanctioned by the disqualification of the team (DSQ-TF).

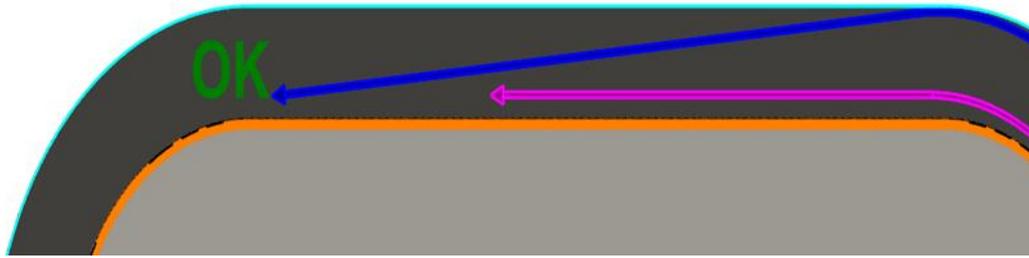

171.2 The relay must start and be completed inside the relay zone (art 130). If not, the team is disqualified (DSQ-TF).

### **172. Sport faults**

The infringements of rules presented from art 173 to art 176 are considered as sport faults. They are evaluated by the judges and notified by the Chief Judge. The skater who commits sport fault is sanctioned by the Chief Judge (art 173).

### **173. Trajectory**

173.1 Skaters are to reach the finish line along the shortest imaginary line.

Finish line  
Linea de meta

Last straightaway  
Ultima linea recta

173.2 For the last straight, only the right trajectories are allowed.

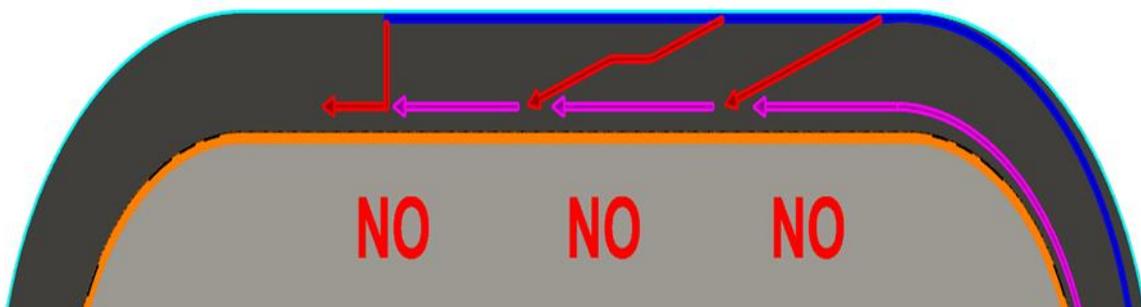

Finish line  
Linea de meta

Last straightaway  
Ultima linea recta

## 174. Obstruction

174.1 The skater leading the race shall not obstruct the runner-up and must continue in a straight path without loops or lateral deviations.

174.2 In no case can skaters push other skaters or cut in front of them. It is also forbidden to let oneself be taken in tow, to push, obstruct or help any skater.

174.3 In no case, shall the passing of other skaters cause difficulty to other skaters (passage in force/ entry in force in the pack).

174.4 In track or road closed circuit competitions, skaters who are lapped passed shall not obstruct such pass or help another skater.

## **175. Assistance to skater**

175.1 Skaters are strictly forbidden to accept any sort of help.

175.2 In case of fall, skaters who are still able to continue the race must stand up without any help from a third party. Otherwise, they shall be disqualified of the race.

175.3 The skater can receive advice or information from the trainers or coaches.

175.4 During Marathon or longer distance race (more than 20k), a skater is allowed to give water or food to a teammate.

## **176. No respect of jury instruction**

If the skater does not respect the instruction of a Judge/Chief Judge or the announcement of the Official Announcer, he is sanctioned.

## **177. Sanctions**

Sanctions that can be adopted by the Chief Judge during the competition, towards skaters responsible of violations to the Jury instructions or the principles of sport ethics, are the followings:

- a. Warnings (W);
- b. Reduction in Rank in the order of arrival (RR);
- c. Disqualification from the race (DSQ);
- d. Automatic Suspension.

## **178. Warnings**

178.1 Warnings may be given to sanction technical and sport faults, in addition to those cases that are expressly included in this Rulebook art 169 to art 176.

178.2 Any judge in charge of the progress of the race, who shall immediately inform the Chief Judge, can give warnings; Chief Judge only must communicate the warnings to the Official Speaker.

178.3 Warnings are cumulated: heat and final.

178.4 Warning for sport fault (SF) does not exist for sprint tournament art 183.

## 179. Reduction in rank

During a race, when a skater commits a fault towards one or several opponents, he may be reduced in rank according to the decision of the Chief Judge.

During Elimination race, see art 127.4.

During Points race, see art 128.2.

## 180. Disqualification

Disqualification measures are decided by the Chief Judge and may be applied:

### 180.1 Disqualification for technical fault (DSQ-TF):

- a. when a skater commits two (2) consecutive false starts (300m), that is to say: in the same round;
- b. when a skater commits two (2) false starts;
- c. when a skater commits a wrong relay (pull or touch relay, relay out of the relay zone, enter in relay zone without relay) all the team is disqualified (art 130);
- d. During 100 m sprint, if the skater exits of his lane, he is disqualified.

### 180.2 Disqualification for sport fault:

- a. when a skater commits one (1) fault considered as voluntary and dangerous;
- b. when a skater receives three (3) warnings in a race, (cumulated in qualification heat & final);
- c. when a skater benefits voluntarily of assistance;
- d. when a skater removes or unfastens his helmet (art 96);
- e. when a skater gets out voluntarily of the race course;
- f. when a skater does not respect technical rules (size of wheels, radio, etc.).

## 181. Automatic suspension

181.1 When a skater is disqualified for sport faults (DQS-SF), he is automatically suspended for the following race of the same *Type: Sprint or Mass Start* races - except for Team races- (art. 117); in which the skater is registered. This rule applies even if the following race is considered as begun, when the skater participated in the qualifying series.

181.2 For World Championship, the preregistration of a disqualified skater cannot be modified and this disqualified skater cannot be replaced by a teammate.

181.3 A suspended skater who did not purge his suspension at the end of the World Championship remains suspended for the following World Championship. (Ex: from track to road or N to N+1)

## 182. Sanctions & Ranking

The sanctions are applied by the Chief Judge and they shall be made public. They have to be notified on the Official Results of the race as:

1. (W1) (W2) for one or two warnings.
2. (FS1) for the first false start.
3. (RR) for reduce in rank.
4. (DSQ-TF) disqualified for technical fault. The disqualified skater is ranked at the end of the heat or round.
5. (DSQ-SF) disqualified for sport fault. The disqualified skater is not ranked and he is placed at the end of the official results as disqualified. In case of general ranking, he does not get any point.
6. (DNS) do not start.
7. (DNF) do not finish.

## 183. Sanctions & Ranking for sprint tournament

- 183.1 Only one (1) false start is allowed for these sprint races. When a skater commits a second false start in the race, he must be disqualified for technical fault. He is ranked.
- 183.2 When a skater commits a sport fault, the Chief Judge will disqualify him (DSQ SF): If the sport fault is estimated as involuntary, the sanction RR can be used only if the skater who receives the fault can be qualified for the next round using this sanction. This rule cannot be used in final.
- 183.3 If a skater in qualifying position is the victim of a disqualifying act from another skater in a heat of a qualifying round, the Chief Judge may advance that skater to the next round.

## The Discipline

### 184. Disciplinary faults

The defined faults from art 186 to art 188 are considered as disciplinary faults.

### 185. Fair play

All the skaters must take part in races fairly and enthusiastically. Those showing a negative attitude or clear inability may be excluded from the competition.

## **186. Aggression**

It is the responsibility of the Chief Judge to qualify a sport fault in disciplinary fault, taking in consideration the aspect voluntary or involuntary.

## **187. Team fault**

When a skater makes a fault in order to let his team-mate win one (1) or more positions:

- 187.1 the skater who commits the fault is disqualified and may be excluded by the Technical Commission from all the World Championship events;
- 187.2 the skater who benefices of the fault must be reduced in rank.

## **188. Misconduct against**

- 188.1 Any member of the jury who is affected before, during or after a competition by any offence or violence of any kind on the part of a skater or another member of delegations, may immediately inform the Chief Judge who shall seize the Disciplinary Commission.
- 188.2 Any World Skate official who is affected during an official event is in power to seize Disciplinary commission.

## **189. Disciplinary procedure**

- 189.1 It is the responsibility of the Chief Judge to seize the Disciplinary Commission in case of disciplinary fault. Anyone, skater, coach or delegate who commits disciplinary fault is sanctioned by the Disciplinary Commission.
- 189.2 Any member of the Technical Commission who observes a disciplinary fault is in power to seize the Disciplinary Commission.

## **190. Progress of the disciplinary commission**

When a skater or a member of an official delegation committed a disciplinary fault, he is convened by the Disciplinary Commission. This person has the possibility to appear in front of the Disciplinary Commission and he may be accompanied by the Official of the delegation. The blamed facts are presented to him by President of the Commission. The skater or the Official of the delegation has then the possibility of presenting a defence.

## **191. Disciplinary measures**

Disciplinary measures that can be adopted by the Disciplinary Commission are the following:

1. Exclusion of the competition.
2. Period of suspension.

## **192. Exclusion of the competition**

In the case of very serious infringement, any skater or member of the official delegation may be excluded Disciplinary Commission from all the competition. In case of exclusion, the credential card is removed.

## **193. Suspension**

The Disciplinary Commission has the ultimate power to adopt suspension measures for period of time, of a maximum up to six (6) months.

## **194. Body of first instance**

The Technical Commission is the body of first instance for claims concerning the application of this Rulebook different from Jury decisions about sanctions.

The Technical Commission evaluates if the claim proceeds and if it does, they will give an official answer.

## **195. Claims procedure**

Each Delegation has the right to make a claim during the competition. The reasons behind the claim must be described in writing and given to the Technical Commission.

For the World Championship, claim must be written on an official form (annex) in the World Skate official language (English), signed by the Official Delegate of the nation.

## **196. Claims presented to the Technical Commission**

196.1 Claims regarding the admittance of a skater to a competition may be submitted:

- a. by a Federation Delegate who believes that one of his skaters has not been admitted though he was eligible;
- b. by all Federations Delegates believing to have been damaged because of the admittance to the competition of a skater belonging to another Federation, who does not have the right to participate.

196.2 Claims are to be signed by the Official Delegate and submitted in writing to the Technical Commission thirty (30) minutes prior to the beginning of the race. When the Chief Judge believes he has adequate information to admit a skater to a competition, and that such an admittance is the subject of a dispute, he can admit said skater with due reservation, leaving the final decision to the Technical Commission that will take care of any necessary control;

196.3 This decision must be made known to the Official Delegates of the participating countries.

### **197. Claims fees**

A fee in the amount of 300 US \$ shall accompany any claims to the Technical Commission.

### **198. Body of second instance (appeal)**

The World Skate Executive Board is the body of second instance and receives the appeals after the decision taken in first instance by the Technical Commission regarding disciplinary faults.

See General Regulations of World Skate Paragraph 5.

### **199. Decisions**

The decisions shall be verbally communicated to the Delegate of the complaining country, and then made official by writing.

Such an amount shall be given back only when the claim is upheld.

## **SPECIFIC RULES FOR WORLD SPEED CHAMPIONSHIP - WSSC**

### **200. Official Track**

Official tracks certified by World Skate are defined art 108.

### **201. Ranking of the previous World Championship**

The ranking of N-1 WC (art 69) is used for the composition of the starting order. The nations who did not participate at the previous World Championship complete the ranking using the alphabetic order in English.

### **202. Planning and warm-up**

Before each race, a warm-up of six (6) minutes is accorded to the skaters who are going to race. The last minute is announced by the Official Speaker.

### **203. Sprint tournaments heats composition**

The heats will be made up according to the ranking of the nations of the previous World Championship (art 69). WC N-1 ranking and the serpentine system.

Nations Ranking N-1	Skaters	Starting line Order	Heat 1	Heat 2	Heat 3	Heat 4	Heat 5	Heat 6	Heat 7
1. Colombia	2	<i>Called first</i>	Colombia	Colombia	USA	USA	Italy	Venezuela	Venezuela
2. USA	2	<i>Called second</i>	South Africa	South Africa	Chile	Spain	China	Korea	Korea
3. Italy	1	<i>Called third</i>	Germany	Germany	→				
4. Venezuela	2								
5. Korea	2								
6. China	1								
7. Spain	1								
8. Chile	1								
9. South Africa	2								
10. Germany	2								

## 204. World Championship Track 300 m time trial

Deleted 2017

## 205. Track 200 m Dual time trial

250.1 Qualification heats (first round) The heats will be made up according to the ranking of the nations of the previous World Championship (art 69) WC N-1. The best twelve (12) times are qualified for the final.

250.2 The heats of the final will be made according to the times obtained in qualification: Heat 1 (12<sup>th</sup>/11<sup>th</sup>), Heat 2 (10<sup>th</sup> /9<sup>th</sup>) and so on. The winner is the best time of the final.

250.3 Technical requirements: Two (2) photo finish timing systems, one (1) per line. Photocells that indicate the unofficial partial times. An electronic Start Gun connected to the two (2) systems to make them start at the same time. And two (2) amplifiers, one near each start line, connected to the Gun.

## 206. Sprint tournament (100 m, 500 m +D, One lap & 1.000 m)

Qualification heats (first round). The heats will be made up according to the ranking of the nations of the previous World Championship (art 69) WC N-1.

- Starting line

For all the rounds, the skaters are called and choose their position on the starting line according to the starting line order (art 135.2, art 135.3).

## 207. Constitution of the qualification heats for the long distance race

If, for the following races; Elimination race, Point Race and Points-Elimination race, the number of skaters need the organisation of qualification heats, they are organised as follows:

207.1 The composition should be made according to the ranking of the nations, as follows:

- a. the nation with two (2) skaters are drawn first. The skaters of a same nation cannot be in the same qualification heat;
- b. the nation with only one (1) skater are drawn in second. They complete the heat according to the ranking of the nation (WC N-1) and serpentine method.

Nations Ranking N-1	Skaters By Nation	Starting line Ranking	Heat 1	Heat 2
1. Colombia	2	<i>I</i>	Colombia	Colombia
2. USA	2	<i>II</i>	USA	USA
3. Italy	1	<i>III</i>	Venezuela	Venezuela
4. Venezuela	2	<i>IV</i>	Korea	Korea
5. Korea	2	<i>V</i>	Japan	Japan
6. China	1	<i>VI</i>	Italy →	China ↓
7. Spain	1	<i>VII</i>	Chile ←	Spain ↓
8. Chile	1	<i>VII</i>	South Africa	
9. South Africa	1	<i>IX</i>		
10. Japan	2	<i>X</i>		

Nations Ranking N-1	Skaters by Nation	Starting line Ranking	Heat 1	Heat 2	Heat 3
1. Colombia	2	<i>I</i>	Colombia	Colombia	USA
2. USA	2	<i>II</i>	USA	Venezuela	Venezuela
3. Italy	1	<i>III</i>	Korea	Korea	Japan
4. Venezuela	2	<i>IV</i>	Japan	Italy	China
5. Korea	2	<i>V</i>	Spain	Chile	South Africa
6. China	1	<i>VI</i>			
7. Spain	1	<i>VII</i>			
8. Chile	1	<i>VII</i>			
9. South Africa	1	<i>IX</i>			
10. Japan	2	<i>X</i>			

207.2 There will be no loser's final. Unqualified skaters are ranked according to the result (place) obtained in the qualification heat.

207.3 Qualification heats shall be skated with at least 50 % of the race distance.

## 208. Track 10.000 m Elimination race

### 208.1 Elimination system:

The final should be planned in such a way that after the last sprint (elimination), there must be three (3) skaters in order to determine the gold, silver and bronze medals. Double elimination consisting of the elimination of the last two skaters is permitted. Eliminations every two (2) laps, but every lap on three (3), two (2) and one (1) laps to go (see image below).

### 208.2 Final:

The final can be run by twenty-six (26) to thirty (30) skaters. Under thirty (30) skaters, there are not any qualification heats.

a) Final 30 skaters:

5 laps without elimination;

Three (3) double eliminations;

Total 27 eliminations + 3 skaters at the end.

Laps	Elims	NB skaters	Laps	Elims	NB skaters
50		30	25	E14	
49			Bell - 24		16
48			23	E15	
47			Bell - 22		15
Bell - 46			21	E16

29	E12		Bell - 4		6
Bell - 28		18	Bell - 3	E25	6
27	E13		Bell - 2	E26	5
Bell - 26		17	Bell - 1	E27 Last Elim	4
			0	Arrival	3

b) Final 26 to 30 skaters:

Five (5) laps without elimination;

Single eliminations from lap 45;

Total 24 eliminations + 3 skaters at the end.

Double elimination (DE) could be planned from the 1<sup>st</sup> to the 3<sup>d</sup> elimination (DE1 to DE3)

### **Qualification Heats:**

If there are more than 30 skaters, qualification heats must be planned. The final is raced by thirty (30) skaters (art 207).

#### **208.3 Composition and protocol of the qualification heats:**

The heats are composed according to art 207 and the protocol of the race is as follows:

- The first five (5) laps are without any elimination.
- Elimination every two (2) laps.
- No double elimination.
- The qualification heat distance must be completed, even when the number of skaters to qualify is obtained before the end.

### **209. Track 10.000 m Points + Elimination race**

#### **209.1 Elimination system:**

The last elimination will be three laps to go. After the last elimination, ten (10) skaters will remain competing.

#### **209.2 Punctuation system:**

Two (2) points will be awarded to the winner and one (1) point to the second skater after the fixed point of the race.

At the completion of the last lap three (3) two (2) & one (1) points will be awarded to the first three (3) skaters.

#### **209.3 Protocol of the Final:**

The final can be raced from thirty (30) to forty (40) skaters. From thirty-one (31) to forty (40) skaters, the first ten (10) eliminations can be Double Elimination (DE).

20 Eliminations + 10 skaters = 30 skaters;

21 sprints x (2+1) = 63 points;

Arrival = 6 points;

Total of points = 69 points.

Laps	10 Km	Skaters	Laps		Skaters	Laps		Skaters

#### 209.4 Qualification heats:

If there are more than forty (40) skaters, qualifications heats must be done. (Constitution of the heat art 207).

#### 209.5 Protocol 10 Km Points + Elimination Qualification Heats:

Engaged	Heats	Qualified Place	Simple Elimination	Double Elimination	Final
41 to 90	2 x 21 to 45	15	6 to 20	1 to 10	30
91 to 120	3 x 30 to 40	10	20	1 to 10	
121 to 152	4 x 30 to 38	8	20	2 to 10	32

The protocol is the same as the final but the number of qualified skaters will remain competing after the last elimination. See following table:

Laps	10 Km	Skaters	Laps	Skaters	Laps	Skaters
50	7 laps free	35	32 Pts	30	14 Pts	21
49			31	E lim	13	E lim
48			30 Pts	29	12 Pts	20
47			29	E lim	11	E lim
46			28 Pts	28	10 Pts	19
45			27	E lim	9	E lim
44			26 Pts	27	8 Pts	18
43	BELL		25	E lim	7	E lim
42	Pts	35	24 Pts	26	6 Pts	17
41		E lim	23	E lim	5	E lim
40	Pts	34	22 Pts	25	4 Pts	16
39		E lim	21	E lim	3	Last E limination
38	Pts	33	20 Pts	24	2 Pts	15
37		E lim	19	E lim	1	Bell L
36	Pts	32	18 Pts	23	Arrival	15
35		E lim	17	E lim		
34	Pts	31	16 Pts	22		
33		E lim	15	E lim		

If all eliminations cannot be done due to an insufficient number of skaters, follow art 129.5.

## 210. 3.000 m Relay Races

210.1 In relay races, each Federation may enter up to four (4) skaters. The teams must take part in the race with three (3) skaters.

### 210.2 Qualification Heats:

The Chief Judge determines whether the qualification heats will take place, and if so, he will indicate how many teams of each heat will go on to the final.

The relay heats are established according the ranking of the N-1 WC and are organised according to serpentine system.

## 211. Road 10.000 m Points race

The Technical Commission will advise how this event should take place. The communication should include:

### Punctuation System:

- Sprints will take place in every lap.
- Assignment of points: two points will be awarded to the winner and one point to the second skater after each fixed point of the course.

At the completion of the last lap, three (3), two (2) and one (1) point will be awarded to the first three (3) skaters.

**400 m Circuit, 25 laps:**

The first two (2) laps must be free;

22 point sprints (2 & 1 point);

1 final sprint (3, 2 & 1 point).

**More than 400 m Circuit:**

The first Km must be free;

Sprint every lap (2 & 1 point);

Final sprint (3, 2 & 1 point).

**Qualification heats**

			<b>Heats</b>	<b>Place</b>	<b>Finale</b>
51	to	80	2 x 25 to 40	20	40
81	to	120	3 x 27 to 40	14	42
121	to	160	4 x 31 to 40	10	40
161	to	200	5 x 32 to 40	8	40

**212. Road 15.000 m Elimination race**

212.1 Elimination system:

The final should be planned in such a way that after the last sprint (elimination), there must be between three (3) and five (5) skaters in order to determine the gold, silver and bronze medals. The last elimination is one lap to go.

212.2 The Chief Judge determines the number of skaters in final taking in consideration the length and the width of the road circuit.

**213. Marathon**

213.1 There are two (2) Marathons, one (1) Marathon men and one (1) Marathon ladies.

213.2 Junior Skaters are allowed to participate.

213.3 Eight (8) skaters Women and Eight (8) skaters Men are by Nation are allowed to participate.

213.4 There is only one (1) ranking by marathon race.

## Terminology

- Competition:** it is an association of races. World championship is a competition.
- Race:** 10.000 m elimination is a race.
- Pack / Peloton:** it is the most important group of skaters.
- Qualification heats:** in a same competition, it is the race that a skater must race to accede to the final.
- Preliminary heat, races or competition:** races are preliminary when a skater must obtain a result in this race before to accede to the competition. We can consider that World Championships are the preliminary competition of the World Games.
- Rounds:** in a sprint tournament, it is the successive races (more than one) to accede to the final.
- Eliminated:** it is only during Elimination and Points-Elimination races.
